Each RMD will be calculated based on the Uniform Lifetime Table, unless the following exception applies to you and you have indicated so by checking the box below.

My sole primary beneficiary is my spouse who is more than 10 years younger than I am. I elect to calculate the RMD based on the life expectancy from the Joint and Last Survivor Table. Beneficiary's date of birth \_\_\_\_/\_\_\_\_/\_\_\_\_

**Federal Tax Withholding Election**

Distributions from IRAs and qualified retirement plans that are not eligible for rollover are subject to federal income tax withholding unless you affirmatively elect NOT to have withholding apply to such payments. Generally, such distributions are subject to 10% withholding unless you elect to have an additional amount withheld or elect to have no withholding. You may make a withholding election by selecting one of the options below. Your election will remain in effect for any subsequent distributions unless you change or revoke it by providing us with a new election. Please select one of the following:

- Do **NOT** withhold federal income tax
- Withhold **10%** federal income tax
- Withhold \_\_\_\_\_% federal income tax

Federal income tax WILL be withheld from any distribution subject to the IRS withholding rules if you do not complete and return the election form or if you have not previously elected out of withholding. Tax will be withheld on the gross amount of these payments even though you may be receiving amounts that are not subject to withholding because they are excluded from gross income. This withholding procedure may result in excess withholding on the payments. If you elect to have no federal taxes withheld from your distribution payments, or if you do not have enough federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient.

**State Income Tax Withholding Election**

Your state of residence will determine your state income tax withholding requirements, if any. Those states with mandatory withholding will require state income tax to be withheld from payments if federal taxes are withheld. Voluntary states let individuals determine whether they want state taxes withheld. Some states have no income tax on retirement payments. You may wish to consult with a tax advisor or your state's tax authority for additional information on your state requirements.

I elect **TO NOT** have state income tax withheld from my retirement account distributions (only for residents of states that do not require mandatory state tax withholding); or

I elect **TO** have the following dollar amount or percentage from my retirement account distribution withheld for state income taxes (for residents of states that allow voluntary state tax withholding).
