

Supplement dated March 26, 2020
to
Prospectus dated March 2, 2020
for
Domini Sustainable Solutions FundSM
(the “Fund”)

The following supplements the “Principal Risks” and “More on the Risks of Investing in the Funds” sections of the Prospectus:

Recent events. The respiratory illness COVID-19 caused by a novel coronavirus has resulted in a global pandemic and major disruption to economies and markets around the world, including the United States. Financial markets have experienced extreme volatility and severe losses, and trading in many instruments has been disrupted. Liquidity for many instruments has been greatly reduced for periods of time. Some interest rates are very low and in some cases yields are negative. Some sectors of the economy and individual issuers have experienced particularly large losses. These circumstances may continue for an extended period of time, and may continue to affect adversely the value and liquidity of the Fund’s investments. The ultimate economic fallout from the pandemic, and the long-term impact on economies, markets, industries and individual issuers, are not known. Governments and central banks, including the Federal Reserve in the U.S., have taken extraordinary and unprecedented actions to support local and global economies and the financial markets. The impact of these measures, and whether they will be effective to mitigate the economic and market disruption, will not be known for some time.

If you have any questions concerning this supplement, please contact Domini at 1-800-582-6757.

PLEASE RETAIN THIS SUPPLEMENT WITH YOUR PROSPECTUS FOR FUTURE REFERENCE.

Supplement dated March 2, 2020
to
Prospectus dated March 2, 2020
for
Domini Sustainable Solutions FundSM
Investor and Institutional shares

Shares of the Fund will not be available for purchase or exchange until April 1, 2020. Any purchase or exchange requests that are received for the Fund prior to April 1, 2020, cannot be accepted and will need to be re-submitted on or after April 1, 2020.

If you have any questions concerning this supplement, please contact Domini at 1-800-582-6757.

**PLEASE RETAIN THIS SUPPLEMENT WITH YOUR PROSPECTUS FOR
FUTURE REFERENCE.**

B-1	Financial Highlights
C-1	For Additional Information

THE FUND AT A GLANCE

DOMINI SUSTAINABLE SOLUTIONS FUNDSM

Investment objective: The Fund seeks to provide its shareholders with long-term total return.

Fees and expenses of the Fund: The table below describes the fees and expenses that you may pay if you buy and hold shares of the Fund. If you invest in Institutional shares of the Fund through an investment professional or financial intermediary, that investment professional or financial intermediary may charge you a commission in an amount determined and separately disclosed to you by that investment professional or financial intermediary.

Shareholder fees (paid directly from your investment)		
Share classes	Investor	Institutional
Redemption fee on shares held less than 30 days (as a percentage of amount redeemed, if applicable)	2.00%	2.00%
Paper document delivery fee (choose e-delivery to avoid this fee) ¹	\$15/year	\$15/year
Outgoing bank wire transfer fee (deducted directly from sale proceeds)	\$10/transfer	\$10/transfer

Annual Fund operating expenses (expenses that you pay each year as a percentage of the value of your investment)		
Share classes	Investor	Institutional
Management fees	0.85%	0.85%
Distribution (12b-1) fees	0.25%	None
Other expenses ²	0.84%	0.84%
Total annual Fund operating expenses	1.94%	1.69%
Fee waivers and expense reimbursements ³	-0.54%	-0.54%
Total annual Fund operating expenses after fee waivers and expense reimbursements	1.40%	1.15%

- 1 Paper document delivery fee applies to direct Fund accounts with balances below \$10,000 and may be avoided by choosing e-delivery of Fund statements, prospectuses, and reports.
- 2 Other expenses are based on estimated amounts for the current fiscal year.
- 3 The Fund's adviser has contractually agreed to waive certain fees and/or reimburse certain ordinary operating expenses in order to limit Investor and Institutional share expenses to 1.40% and 1.15%, respectively. These expense limitations are in effect through November 30, 2021. There can be no assurance that the Adviser will extend the expense limitations beyond such time. While in effect, the arrangement may be terminated for a class only by agreement of the Adviser and the Fund's Board of Trustees.

Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated, that your investment has a 5% return each year, and that the Fund's operating expenses (reflecting applicable contractual fee waivers and expense reimbursement arrangements) remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be as follows:

Share classes (whether or not shares are redeemed)	1 Year	3 Years
Investor	\$143	\$557
Institutional	\$117	\$480

Portfolio turnover: The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual Fund operating expenses or in the example, affect the Fund's performance but are already reflected in its total returns. The Fund is newly offered; therefore, it does not have a turnover rate to report for the most recent fiscal year.

Principal investment strategies: Under normal circumstances, the Fund invests at least 80% of its net assets (plus the amount of borrowings, if any, for investment purposes) in securities of companies that demonstrate a commitment to sustainability solutions.

For purposes of the Fund's 80% policy, a company demonstrates a commitment to sustainability solutions if, based on the Adviser's fundamental analysis, the company provides, invests in or creates products or services that help:

- **Accelerate the transition to a low-carbon future** including through renewable energy, distributed generation, off-grid solutions, energy storage, electric vehicles, or energy-efficient technologies.
- **Contribute to the development of sustainable communities** including through safe and affordable housing, eco-friendly design, low-carbon transportation systems, or climate-resilient infrastructure.
- **Ensure access to clean water** including through the development or maintenance of water infrastructure, affordable water services, or solutions for water treatment, harvesting, conservation, flow-control, plumbing, or heating.
- **Support more sustainable food systems** including through the improvement of, or access to, healthy, natural, organic, or plant-based food, the reduction of food waste, promotion of resource-efficient agriculture, or support for small-scale farming.
- **Promote societal health and well-being** including through the improvement of, or access to, healthcare products or services,

preventative healthcare solutions, innovative diagnostics or medicines, mobile medical technologies, or health education services.

- **Broaden financial inclusion** including through improvement of, or access to, capital, banking, insurance, investment, or other financial products or services.
- **Bridge the digital divide and/or expand access to economic opportunity** including through improvement of, or access to, information or communication technologies, education, training, or software/services.

The Fund may invest in equity securities issued by companies of any market capitalization located throughout the world, including the United States. For purposes of the Fund's investment policies, equity securities include common stocks, warrants, rights, and preferred shares. The Fund's investments are not constrained by benchmark weightings in regions, countries, or sectors. The Fund may have significant exposure to securities of issuers in the information technology, industrials, healthcare, and financial sectors. In addition, because the Fund is unconstrained to any benchmark, these exposures may change over time. The Fund may have significant exposure to any region, country or sector at any time. The Fund may invest in fewer than 50 securities.

Investment selections are made by Domini Impact Investments LLC (the "Adviser"), the Fund's adviser, based on fundamental analysis of environmental, social, and financial criteria. SSGA Funds Management, Inc., (the "Subadviser"), the Fund's subadviser, will purchase or sell securities to implement the Adviser's investment selections at a time determined appropriate by the Subadviser and in accordance with, but not necessarily in the identical amounts as provided with the Adviser's investment selections.

Principal risks: Risk is inherent in all investing. The value of your investment in the Fund, as well as the amount of return you receive on your investment, may fluctuate significantly in the short and long term. An investment in the Fund is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. You may lose all or part of your investment in the Fund or your investment may not perform as well as other similar investments. There is no guarantee that the Fund's investment objective will be achieved. The following is a summary description of certain risks of investing in the Fund.

- **Market Risk.** The market values of securities or other assets will fluctuate, sometimes sharply and unpredictably, due to changes in general market conditions, overall economic trends or events, governmental actions or intervention, market disruptions caused by trade disputes or other factors, political developments, investor sentiment and other factors that may or may not be related to the issuer of the security or other asset. If the market values of the securities or other assets held by the Fund fall, including a complete loss on any individual security, the value of your investment will go down. Economies and financial markets throughout the world are increasingly interconnected. Economic, financial or political events, trading or tariff arrangements, terrorism, natural disasters and other circumstances in one country or region could have

profound impacts on global economies or markets. As a result, whether or not the Fund invests in securities of issuers located in or with significant exposure to the countries directly affected, the value and liquidity of the Fund's investments may be negatively affected.

- **Sustainable Investing Risk.** The application of sustainable investing criteria will affect the Fund's exposure to certain issuers, industries, sectors, regions, and countries and may impact the relative financial performance of the Fund — positively or negatively — depending on whether such investments are in or out of favor.
- **Portfolio Management Risk.** The value of your investment may decrease if the Adviser's judgment about the attractiveness or value of, or market trends affecting a particular security, industry, sector or region, or about market movements, is incorrect or does not produce the desired results. In addition, the Fund's investment strategies or policies may change from time to time. Those changes may not lead to the results intended by the Adviser and could have an adverse effect on the value or performance of the Fund.
- **Information Risk.** There is a risk that information used by the adviser to evaluate the environmental and social performance of issuers, industries, markets, sectors, and regions may not be readily available, complete, or accurate, which could negatively impact the adviser's ability to apply its environmental and social standards, which may negatively impact Fund performance. This may also lead the Fund to avoid investment in certain issuers, industries, markets, sectors, or regions.
- **Mid- to Large-Cap Companies Risk.** The market prices of companies at different capitalization levels may go up or down due to general market conditions and cycles. The value of your investment will be affected by the Fund's exposure to mid- and large-cap companies.
- **Small-Cap Companies Risk.** Compared to large companies, small-size companies, and the market for their equity securities, may be more sensitive to changes in earnings results and investor expectations, have more limited product lines, capital resources and depth of management, experience sharper swings in market values, have limited liquidity, be harder to value or to sell at the times and prices the adviser thinks appropriate, and offer greater potential for gain and loss.
- **Foreign Investing Risk.** Investments in foreign regions or in securities of issuers with significant exposure to foreign markets may be more volatile and less liquid than U.S. investments due to adverse political, social, and economic developments, such as nationalization or expropriation of assets, imposition of currency controls or restrictions, confiscatory taxation, terrorism and political or financial instability; regulatory differences such as accounting, auditing, and financial reporting standards and practices; natural disasters; and the degree of government oversight and supervision. Less information may be publicly available regarding foreign issuers.

- **Geographic Focus Risk.** To the extent that the Fund invests from time to time a significant portion of its assets in issuers organized or located in a particular country or geographic region, the Fund may be particularly affected by adverse securities markets, exchange rates and social, political, regulatory or economic events which may occur in those countries or regions.
- **Currency Risk.** Fluctuations between the U.S. dollar and foreign currency exchange rates could negatively affect the value of the Fund's investments. The Fund will benefit when foreign currencies strengthen against the dollar and will be hurt when foreign currencies weaken against the dollar. Currency exchange rates can be volatile and are affected by factors such as general economic conditions, the actions of U.S. and foreign governments or central banks, and the imposition of currency controls or restrictions and speculation.
- **Issuer Focus Risk.** The Fund may invest in fewer than 50 securities, and as a result, the Fund's performance may be more volatile than the performance of funds holding more securities.
- **Market Sector Risk.** The Fund may hold a large percentage of securities in a single market sector. To the extent the Fund holds a large percentage of securities in a single sector, its performance will be tied closely to, and affected by, the performance of that sector, and the Fund will be subject to a greater degree to any market price movements, regulatory or technological change, economic conditions or other developments or risks affecting such market sector than a Fund without the same focus.
 - **Information Technology Sector Risk.** Information technology companies face intense competition and potentially rapid obsolescence. They are also heavily dependent on intellectual property rights and may be adversely affected by the loss or impairment of such rights.
 - **Industrial Sector Risk.** Securities in the industrials sector, such as companies engaged in the production, distribution or service of products or equipment for manufacturing, agriculture, forestry, mining and construction, can be significantly affected by general economic trends, including such factors as employment and economic growth, interest rate changes, changes in consumer spending, legislative.
 - **Healthcare Sector Risk.** Securities in the healthcare sector, such as healthcare supplies, healthcare services, biotechnology and pharmaceuticals, may be significantly affected by government regulation and reimbursement rates, approval of products by government agencies, and patent expirations and litigation.
 - **Financial Sector Risk.** Issuers in the financial sector, such as banks, insurance companies and broker-dealers, may be sensitive to changes in interest rates and general economic activity and are generally subject to extensive government regulation.

- **Redemption Risk.** The Fund may experience heavy redemptions that could cause it to liquidate its assets at inopportune times or at a loss or depressed value, which could cause the value of your investment to decline.
- **Cybersecurity Risk.** Cybersecurity failures by or breaches of the Fund’s adviser, transfer agent, distributor, custodian, fund accounting agent or other service providers may disrupt Fund operations, interfere with the Fund’s ability to calculate its NAV, prevent Fund shareholders from purchasing, redeeming or exchanging shares or receiving distributions, cause loss of or unauthorized access to private shareholder information, and result in financial losses, regulatory fines, penalties, reputational damage, or additional compliance costs.

These and other risks are discussed in more detail later in this prospectus or in the SAI. Please note that there are many other factors that could adversely affect your investment and that could prevent the Fund from achieving its goals.

Investment results: As of the date of this prospectus, the Fund did not have a full calendar year of operations, therefore, information on the Fund’s performance is not presented. Updated information on the Fund’s investment results can be obtained by visiting www.domini.com/performance and by calling 1-800-582-6757.

Investment management:

Investment adviser: Domini Impact Investments LLC (“Domini” or the “Adviser”).

Portfolio managers: Amy Domini Thornton, Chair and Co-Manager of Domini, and Carole M. Laible, CEO and Co-Manager of Domini, have served as the Domini portfolio managers responsible for the Fund since January 31, 2020.

Subadviser: SSGA Funds Management, Inc. (“SSGA FM” or the “Subadviser”).

Portfolio manager: Michael Finocchi, Assistant Vice President of SSGA FM and a Portfolio Manager in the Global Equity Beta Solutions Group has served as the SSGA FM portfolio manager responsible for the Fund since January 31, 2020.

For important information about purchase and sale of Fund shares, tax information, and financial intermediary compensation, please turn to “Purchase and Sale of Fund Shares, Tax Information and Payments to Broker-Dealers and Other Financial Intermediaries” on page 8 of the prospectus.

PURCHASE AND SALE OF FUND SHARES, TAX INFORMATION, AND PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES

Purchase and Sale of Fund Shares. You may redeem shares of the Fund each day the New York Stock Exchange (NYSE) is open. You should contact your financial intermediary or Service Organization, or if you hold your shares directly, you should contact the Fund by phone (Shareholder Services at 800-582-6757, by mail (Domini Funds, P.O. Box 9785, Providence, RI 02940-9785), or online at www.domini.com/accountaccess.

The Fund's initial and subsequent investment minimums for eligible shareholders generally are as follows:

Investment minimum Initial/Additional Investment	Share classes	
	Investor (CAREX)	Institutional (LIFEX)
Individual and Joint Accounts (nonretirement)	\$2,500/\$100	\$500,000/ None
Retirement Accounts (e.g., IRA, SEP-IRA, SIMPLE IRA)	\$1,500/\$100	\$500,000/ None
Uniform Gifts/Transfers to Minor Accounts (UGMA/ UTMA); Coverdell Education Savings Accounts	\$1,500/\$100	\$500,000/ None
Accounts for Organizations (e.g., 401k, trust, corporation, partnership, foundation, endowment, or other entity)	\$2,500/\$100	\$500,000/ None

Investment minimums are \$1500/\$50 for Investor share purchases through Automatic Investment Plans. Minimums may be waived for purchases through certain omnibus accounts or may be at a different level established by your broker-dealer, financial institution, or financial intermediary.

Tax information. The Fund's distributions are generally taxable, and will be taxed as ordinary income, qualified dividend income, or capital gains, unless you are investing through a tax-advantaged arrangement, such as a 401(k) plan or an individual retirement account. Withdrawal of monies from those accounts may be subject to tax. For additional information, please see "Taxes" in the Shareholder Manual and "Taxation" in the Statement of Additional Information.

Payments to broker-dealers and other financial intermediaries. The Fund and its related companies may pay broker-dealers or other financial intermediaries (such as a bank) for the sale of Fund shares and related services. These payments create a conflict of interest by influencing your broker-dealer or other intermediary or its employees or associated persons to recommend the Fund over another investment. Ask your financial adviser or visit your financial intermediary's website for more information.

MORE ON THE FUND'S INVESTMENT OBJECTIVES AND STRATEGIES

Investment Objective

The investment objective of the Fund is to provide its shareholders with long-term total return. Total return is comprised of current income and capital appreciation.

The Fund's investment objective may be changed by the Fund's Board of Trustees without shareholder approval, but shareholders will be given notice at least 30 days before any change to the investment objective is implemented. Management currently has no intention to change the Fund's investment objective.

Investment Strategies

As a primary strategy, under normal circumstances, the Fund invests at least 80% of its net assets (plus the amount of borrowings, if any, for investment purposes) in securities of companies that demonstrate a commitment to sustainability solutions. The Fund will provide shareholders with at least 60 days prior written notice if it changes this 80% policy.

For purposes of the Fund's 80% policy, a company demonstrates a commitment to sustainability solutions if, based on the Adviser's fundamental analysis, the company provides, invests in or creates products or services that help:

- **Accelerate the transition to a low-carbon future** including through renewable energy, distributed generation, off-grid solutions, energy storage, electric vehicles, or energy-efficient technologies.
- **Contribute to the development of sustainable communities** including through safe and affordable housing, eco-friendly design, low-carbon transportation systems, or climate-resilient infrastructure.
- **Ensure access to clean water** including through the development or maintenance of water infrastructure, affordable water services, or solutions for water treatment, harvesting, conservation, flow-control, plumbing, or heating.
- **Support more sustainable food systems** including through the improvement of, or access to, healthy, natural, organic, or plant-based food, the reduction of food waste, promotion of resource-efficient agriculture, or support for small-scale farming.
- **Promote societal health and well-being** including through the improvement of, or access to, healthcare products or services, preventative healthcare solutions, innovative diagnostics or medicines, mobile medical technologies, or health education services.
- **Broaden financial inclusion** including through improvement of, or access to, capital, banking, insurance, investment, or other financial products or services.

- **Bridge the digital divide and/or expand access to economic opportunity** including through improvement of, or access to, information or communication technologies, education, training, or software/services.

The Fund may invest in equity securities issued by companies of any market capitalization located throughout the world, including the United States. For purposes of the Fund’s investment policies, equity securities include common stocks, warrants, rights and preferred shares. The Fund may invest in fewer than 50 securities. The Fund may hold cash or other short-term investments to provide the Fund with the flexibility to meet redemptions and expenses and to readjust its portfolio holdings.

Investment selections are not constrained by benchmark weightings in any regions, countries, or sectors. The Fund may have significant exposure to securities of issuers in the information technology, industrials, healthcare, and financial sectors. In addition, because the Fund is unconstrained to any benchmark, these exposures may change over time. The Fund may have significant exposure to any region, country or sector at any time.

The Fund’s investment strategies and policies may be changed from time to time without shareholder approval, unless specifically stated otherwise in this Prospectus or in the SAI.

Domini’s Investment Process

Investment selections are made by Domini Impact Investments LLC (the “Adviser”), the Fund’s adviser, based on fundamental analysis of environmental, social, and financial criteria, which generally includes studying the company, its financial data, industry, products and services, and competitors.

The Adviser evaluates securities of issuers that demonstrate a commitment to sustainability solutions, as described above, against the Adviser’s proprietary environmental and social standards (“Standards”) based on the core businesses in which an issuer engages, as well as on the quality of the issuer’s relations with key stakeholders, including communities, customers, ecosystems, employees, investors, and/or suppliers. The quality of a company’s management practices is also a key consideration in determining a potential issuer’s eligibility.

The Adviser will seek to avoid investment in issuers that it determines to be sufficiently involved with certain goods and services, as determined by the Adviser, based on factors such as percentage of revenue, magnitude of involvement, or ownership. These goods and service include, but may not be limited to, alcohol, tobacco, gambling, weapons and firearms, and nuclear power. The Adviser also excludes companies in the energy sector substantially involved in coal or uranium mining and oil and natural gas exploration and production, storage, transportation, refining, and related services. In addition, the Adviser excludes electric utility companies that have either announced plans for new construction after the Paris Agreement was adopted in 2015 or that have over 50% installed capacity from coal-fired generation. Major producers of synthetic pesticides and agricultural chemicals as well as

companies significantly involved in the operation of for-profit prisons and immigration detention centers are also typically excluded.

The Adviser's Standards may limit investment in certain geographic areas due to prevailing conditions that the Adviser believes affect the environmental and social performance of companies in those regions. In addition, the Adviser also excludes U.S. Treasuries, the general obligation securities issued by the U.S. government. While the Adviser recognizes that these securities support many public goods essential for our society, it has adopted this policy to reflect serious concerns about the risks posed by our country's nuclear weapons arsenal.

The Adviser will often determine that an investment is consistent with its Standards even when the issuer's profile reflects a mixture of positive and negative environmental and social characteristics. The Adviser recognizes that relationships with key stakeholders are complicated and that even the best of companies often run into problems day to day. The Adviser's approach recognizes that a company with a mixed record may still be effectively grappling with the important issues in its industry and may determine that a company with a combination of controversies and praiseworthy initiatives is eligible for investment.

The Adviser will notify SSGA Funds Management, Inc. (the "Subadviser"), the Fund's subadviser, to sell a security if the Adviser determines that the issuer no longer demonstrates a commitment to sustainability solutions and/or fails to meet the Adviser's Standards. There may be a delay in removing a security from the Fund's portfolio after such a determination. The determination to remove a security from the Fund's portfolio and the timing of implementation of such a determination may result in the Fund having to sell a security when it might be disadvantageous to do so.

The Adviser's Standards, and the interpretation and application thereof, are subjective and may evolve over time.

Engagement. When appropriate, as determined by the Adviser, the Adviser may engage in dialogue with the management of companies urging them to address the environmental and social impacts of their operations. The Adviser may seek to raise issues of environmental and social performance with the management of certain companies through proxy voting, dialogue with management, and by filing shareholder proposals on behalf of the Fund, where appropriate. Such efforts might not produce the desired outcomes. In foreign regions including European and Asia-Pacific countries, various barriers, including regulatory systems, geography, and language, may impair the Adviser's ability to use its influence effectively. In particular, due to onerous regulatory barriers, the Adviser does not generally expect to file shareholder proposals outside the United States.

Subadviser

SSGA Funds Management, Inc. (the "Subadviser"), the Fund's subadviser, invests in securities the Adviser has selected and notified the Subadviser are to be included in the Fund's portfolio. The Subadviser will purchase or sell

securities at a time determined appropriate by the Subadviser and in accordance with, but not necessarily in the identical amounts as provided with the Adviser's investment selections, or as necessary to manage the amount of the Fund's assets to be held in short term investments.

OTHER FUND INVESTMENT STRATEGIES

Use of Depositary Receipts

Securities of foreign issuers may be purchased directly or through depositary receipts, such as American Depositary Receipts (ADRs), European Depositary Receipts (EDRs), and Global Depositary Receipts (GDRs), or other securities representing underlying shares of foreign companies. Generally, ADRs, in registered form, are designed for use in U.S. securities markets, and EDRs and GDRs, in bearer form, are designed for use in European and global securities markets. ADRs are receipts typically issued by a U.S. bank or trust company evidencing ownership of the underlying securities. EDRs and GDRs are European and global receipts, respectively, evidencing a similar arrangement. The use of all such instruments is subject to Domini's environmental and social standards.

Use of Options, Futures, and Other Derivatives

Although it is not a principal investment strategy, the Fund may purchase and sell futures, options, swap agreements, currency forwards, and/or utilize other derivative contracts and securities with respect to stocks, bonds, groups of securities (such as financial indexes), foreign currencies, interest rates, or inflation indexes. The Fund may also utilize derivative instruments, such as equity-linked securities, to gain exposure to certain emerging-markets, but not as a principal investment strategy. These techniques, which are incidental to the Fund's primary strategy, permit the Fund to gain exposure to a particular security, group of securities, currency, interest rate, or index, and thereby have the potential for the Fund to earn returns that are similar to those that would be earned by direct investments in those securities or instruments. The Fund may choose not to make use of derivatives for a variety of reasons, and any use may be limited by applicable laws and regulations. The use of all such instruments is subject to Domini's environmental and social standards.

These techniques are also used to hedge against adverse changes in the market prices of securities, interest rates, or currency exchange rates. Hedging techniques may not always be available to the Fund, and it may not always be feasible for the Fund to use hedging techniques even when they are available.

Derivatives are instruments whose value depends on, or is derived from, the value of an underlying asset, reference rate or index. Derivatives may be riskier than other types of investments because they may be more sensitive to changes in economic or market conditions than other types of investments and could result in losses that significantly exceed the Fund's original investment. If the issuer of the derivative instrument does not pay the amount due, the Fund could lose money on the instrument. In addition, the underlying

security or investment on which the derivative is based, or the derivative itself, may not perform the way the Fund's subadviser expected. Certain derivatives may be less liquid, which may reduce the returns of the Fund if it cannot sell or terminate the derivative at an advantageous time or price. The Fund also may have to sell assets at inopportune times to satisfy its obligations. The Fund may be unable to terminate or sell its derivative positions, in fact, many over-the-counter derivative instruments will not have liquidity beyond the counterparty to the instrument. Some derivatives may involve the risk of improper valuation.

Successful use of derivative instruments by the Fund depends on the Subadviser's judgment with respect to a number of factors and the Fund's performance could be worse and/or more volatile than if it had not used these instruments. In addition, the fluctuations in the value of derivatives may not correlate perfectly with the value of any portfolio assets being hedged, the performance of the asset class to which the Subadviser seeks exposure, or the overall securities markets. As a result, the use of these techniques may result in losses to the Fund or increase volatility in the Fund's performance.

Some derivatives are sophisticated instruments that typically involve a small investment of cash relative to the magnitude of risks assumed. Some derivatives have the potential for unlimited loss, regardless of the size of the Fund's initial investment. Derivatives may have a leveraging effect on the Fund's portfolio. Leverage generally magnifies the effect of a change in the value of an asset and creates a risk of loss of value in a larger pool of assets than the Fund would otherwise have had. Derivative securities are subject to market risk, which could be significant for those that have a leveraging effect. Use of derivatives or similar instruments may have different tax consequences for the Fund than an investment in the underlying security, and those differences may affect the amount, timing and character of income distributed to shareholders, including the proportion of income consisting of exempt-interest dividends.

When the Fund enters into derivative transactions, it may be required to segregate assets, or enter into offsetting positions, in accordance with applicable regulations. Such segregation will not limit the Fund's exposure to loss, however, and the Fund will have investment risk with respect to both the derivative itself and the assets that have been segregated to cover the Fund's derivative exposure. If the segregated assets represent a large portion of the Fund's portfolio, this may impede portfolio management or the Fund's ability to meet redemption requests or other current obligations.

The Fund's use of derivatives may also increase the amount of taxes payable by shareholders. Suitable derivatives may not be available in all circumstances or at reasonable prices. Risks associated with the use of derivatives are magnified to the extent that a large portion of the Fund's assets are committed to derivatives in general or are invested in just one or a few types of derivatives.

The U.S. government and foreign governments are in the process of adopting and implementing regulations governing derivative markets, including mandatory clearing of certain derivatives, margin and reporting requirements. The ultimate impact of the regulations remains unclear. Additional regulation of derivatives may make derivatives more costly, may limit their availability or utility or otherwise adversely affect their performance, or may disrupt markets. The Fund may be exposed to additional risks as a result of the additional regulations. The extent and impact of the regulations are not yet fully known and may not be for some time. In addition, the SEC has proposed a new rule that would change the regulation of the use of derivatives by registered investment companies, such as the Fund. If the proposed rule takes effect, it could limit the ability of the Fund to invest in derivatives.

For derivatives that are required to be traded through a clearinghouse or exchange, the Fund also will be exposed to the credit risk of the clearinghouse and the broker that submits trades for the Fund. It is possible that certain derivatives that are required to be cleared, such as certain swap contracts, will not be accepted for clearing. The Fund will be required to maintain its positions with a clearing organization through one or more clearing brokers. The clearing organization will require the Fund to post margin and the broker may require the Fund to post additional margin to secure the Fund's obligations. The amount of margin required may change from time to time. In addition, cleared transactions may be more expensive to maintain than over-the-counter transactions and may require the Fund to deposit larger amounts of margin. The Fund may not be able to recover margin amounts if the broker has financial difficulties. Also, the broker may require the Fund to terminate a derivatives position under certain circumstances. This may cause the Fund to lose money.

The Adviser has claimed an exclusion from registration as a commodity pool operator. CFTC rules therefore limit the ability of the Fund to use futures, options on futures, or engage in swap transactions. The use of certain derivatives in some circumstances will require that the Fund segregate cash or other liquid assets to the extent the Fund's obligations are not otherwise "covered" through ownership of the underlying security, financial instrument, or currency.

Cash Reserves

Although the Fund seeks to be fully invested at all times, it keeps a percentage of its assets in cash or cash equivalents. These reserves provide the Fund with flexibility to meet redemptions and expenses, and to readjust its portfolio holdings. The Fund may hold these cash reserves uninvested or may invest them in high-quality, short-term debt securities issued by agencies or instrumentalities of the U.S. government, bankers' acceptances, commercial paper, certificates of deposit, bank deposits, or repurchase agreements. Some of the investments may be with community development banks and financial institutions and may not be insured by the FDIC. All such securities are subject to Domini's environmental and social standards.

Temporary Investments

The Fund may temporarily use a different investment strategy for defensive purposes in response to adverse market conditions, economic factors, or other occurrences, and may invest part or all of its assets in securities with remaining maturities of less than one year or cash equivalents or may hold cash. This may adversely affect the Fund's performance. During such periods, it may be more difficult for the Fund to achieve its investment objective. You should note, however, that the Fund has not used a different investment strategy for defensive purposes in the past since the Fund has not commenced operations as of the date of this Prospectus, and may decide not to do so in the future — even in the event of deteriorating market conditions.

Additional Information

The Fund is not required to use every investment technique or strategy listed in this prospectus or in the Statement of Additional Information. For additional information about the Fund's investment strategies and risks, the Fund's Statement of Additional Information is available, free of charge, from Domini, or online at www.domini.com/funddocuments.

MORE ON THE RISKS OF INVESTING IN THE FUND

The value of your investment in the Fund changes with the values of its investments. Many factors can positively or negatively affect those values. The factors that are most likely to have a material negative effect on your investment are called "Principal Risks." The Principal Risks of the Fund are identified in the "The Fund at a Glance" section and are described in more detail below.

Market Risk. The market values of securities or other assets will fluctuate, sometimes sharply and unpredictably, due to changes in general market conditions, overall economic trends or events, governmental actions or intervention, market disruptions caused by trade disputes or other factors, political developments, investor sentiment and other factors that may or may not be related to the issuer of the security or other asset. If the market values of the securities or other assets held by the Fund fall, including a complete loss on any individual security, the value of your investment will go down. Economies and financial markets throughout the world are increasingly interconnected. Economic, financial or political events, trading or tariff arrangements, terrorism, natural disasters and other circumstances in one country or region could have profound impacts on global economies or markets. As a result, whether or not the Fund invests in securities of issuers located in or with significant exposure to the countries directly affected, the value and liquidity of the Fund's investments may be negatively affected.

Sustainable Investing Risk. Since the Fund seeks to make sustainable investments, it may choose to sell, or not purchase, investments that are otherwise consistent with its investment objective. In general, the application of sustainable investing criteria will affect the Fund's exposure to certain issuers, industries, sectors, regions, and countries and may impact the relative

financial performance of the Fund — positively or negatively — depending on whether such investments are in or out of favor.

Portfolio Management Risk. The value of your investment may decrease if the Adviser's judgment about the attractiveness or value of, or market trends affecting a particular security, industry, sector or region, or about market movements, is incorrect or does not produce the desired results. In addition, the Fund's investment strategies or policies may change from time to time. Those changes may not lead to the results intended by the Adviser and could have an adverse effect on the value or performance of the Funds.

Information Risk. Domini generally relies on information that is provided by third parties or is self-reported by issuers to apply its environmental and social standards to issuers and/or certain industries, markets, sectors or regions for the Fund. Therefore, there is a risk in certain circumstances that sufficient information may not be readily available, complete, or accurate, or may be biased. This may affect the way Domini's standards are applied in a particular situation, which may negatively impact Fund performance. In certain circumstances, this may also lead Domini to avoid certain issuers, markets, industries, sectors, or regions.

Mid- to Large-Cap Companies Risk. Under normal circumstances, the Fund will invest primarily in mid- to large-cap companies. Mid-cap and large-cap stocks tend to go through cycles when they do better, or worse, than other asset classes or the stock market overall. The performance of each shareholder's investment will be affected by these market trends. The Fund reserves the right to invest in companies of any capitalization, including small-cap companies that are more likely to have more limited product lines, fewer capital resources, and less depth of management than larger companies.

Small-Cap Companies Risk. The Fund reserves the right to invest in small-cap companies. Compared to large companies, small-size companies, and the market for their equity securities, may be more sensitive to changes in earnings results and investor expectations, have more limited product lines, capital resources and depth of management, experience sharper swings in market values, have limited liquidity, be harder to value or to sell at the times and prices the adviser thinks appropriate, and offer greater potential for gain and loss. Therefore, securities of small-cap companies may be subject to wider and more erratic price fluctuations which may negatively impact the value of your investment in the Fund.

Foreign Investing Risk. The investment of the Fund in securities of issuers tied economically to a foreign country or foreign regions may represent a greater degree of risk than investment in U.S. securities due to political, social, and economic developments, such as nationalization or expropriation of assets, confiscatory taxation, natural disasters, terrorism, and political or financial instability. Additionally, there is risk resulting from the differences between the regulations to which U.S. and foreign issuers and markets are subject, such as accounting, auditing, and financial reporting standards and practices, and the degree of government oversight and supervision, as well as the information that may be publicly available regarding foreign issuers. These

factors can make foreign investments more volatile and potentially less liquid than U.S. investments. In addition, foreign markets can perform differently from the U.S. market. A governmental entity may delay, or refuse or be unable to pay, interest or principal on its sovereign debt due to cash flow problems, insufficient foreign currency reserves, political considerations, the relative size of the governmental entity's debt position in relation to the economy or the failure to put in place economic reforms. Some markets in which the Fund may invest are located in parts of the world that have historically been prone to natural disasters that could result in a significant adverse impact on the economies of those countries and investments made in those countries.

Geographic Focus Risk. To the extent that the Fund invests from time to time a significant portion of its assets in issuers organized or located in a particular country or geographic region, the Fund may be particularly affected by adverse securities markets, exchange rates and social, political, regulatory or economic events which may occur in those countries or regions more than if the Fund's investments were not so focused.

Currency Risk. Fluctuations between the U.S. dollar and foreign currency exchange rates could negatively affect the value of the Fund's investments. This fluctuation can affect both the value of the currencies in which the Fund's investments are traded or an active investment position. The Fund will benefit when foreign currencies strengthen against the dollar and will be hurt when foreign currencies weaken against the dollar. Currency exchange rates can be volatile, and are affected by factors such as general economic conditions, the actions of U.S. and foreign governments or central banks, and the imposition of currency controls or restrictions, and speculation.

Issuer Focus Risk. The Fund may invest in fewer than 50 securities, and as a result, the Fund's performance may be more volatile than the performance of funds holding more securities.

Market Sector Risk. The Fund may hold a large percentage of securities in a single market sector. To the extent the Fund holds a large percentage of securities in a single sector, its performance will be tied closely to, and affected by, the performance of that sector and the Fund will be subject to a greater degree to any market price movements, regulatory or technological change, economic conditions or other developments affecting the issuers or companies in such market sectors. For example, securities in the consumer discretionary sector, such as consumer durables, hotels, restaurants, media, retailing and automobiles, may be significantly affected by the performance of the overall economy, interest rates, competition, consumer confidence and spending, and changes in demographics and consumer tastes. Securities in the industrials sector, such as companies engaged in the production, distribution or service of products or equipment for manufacturing, agriculture, forestry, mining and construction, can be significantly affected by general economic trends, including such factors as employment and economic growth, interest rate changes, changes in consumer spending, legislative and governmental regulation and spending, import controls, commodity prices, and worldwide competition. Securities in the technology sector, such as information

technology, communications equipment, computer hardware and software, and office and scientific equipment, are generally subject to risks of rapidly evolving technology, short product lives, rates of corporate expenditures, falling prices and profits, competition from new market entrants, and general economic conditions. Securities in the healthcare sector, such as healthcare supplies, healthcare services, biotechnology and pharmaceuticals, may be significantly affected by government regulation and reimbursement rates, approval of products by government agencies, and patent expirations and litigation.

Information Technology Sector Risk. The investment by the Fund of a large percentage of its holdings in securities of issuers in the information technology sector will subject the Fund to a greater degree to any market price movements, regulatory or technological change, economic conditions or other developments affecting the issuers or companies in the information technology sector. Information technology companies face intense competition and potentially rapid obsolescence. They are also heavily dependent on intellectual property rights and may be adversely affected by the loss or impairment of those rights by the Fund of a large percentage of its holdings in securities of issuers in the industrials sector, such as companies engaged in the production, distribution or service of products or equipment for manufacturing, agriculture, forestry, mining and construction, can be significantly affected by general economic trends, including such factors as employment and economic growth, interest rate changes, changes in consumer spending, legislative and governmental regulation and spending, import controls, commodity prices, and worldwide competition.

Industrial Sector Risk. The investment by the Fund of a large percentage of its holdings in securities of issuers in the industrials sector, such as companies engaged in the production, distribution or service of products or equipment for manufacturing, agriculture, forestry, mining and construction, can be significantly affected by general economic trends, including such factors as employment and economic growth, interest rate changes, changes in consumer spending, legislative and governmental regulation and spending, import controls, commodity prices, and worldwide competition.

Healthcare Sector Risk. The investment by the Fund of a large percentage of its holdings in securities of issuers in the healthcare sector will subject the Fund to a greater degree to any market price movements, regulatory or technological change, economic conditions or other developments affecting the issuers or companies in the healthcare sector. Securities in the healthcare sector, such as healthcare supplies, healthcare services, biotechnology and pharmaceuticals, may be significantly affected by government regulation and reimbursement rates, approval of products by government agencies, and patent expirations and litigation.

Financial Sector Risk. The investment by the Fund of a large percentage of its holdings in securities of issuers in the financial sector will subject the Fund to a greater degree to any market price movements, regulatory or technological change, economic conditions or other developments affecting the issuers or companies in the financial sector. Issuers in the financial sector, such as

banks, insurance companies and broker-dealers, may be sensitive to changes in interest rates and general economic activity and are generally subject to extensive government regulation.

Redemption Risk. The Fund may experience periods of heavy redemptions that could cause the Fund to liquidate its assets at inopportune times or at a loss or depressed value, particularly during periods of declining or illiquid markets. Redemption risk is greater to the extent that the Fund has investors with large shareholdings, short investment horizons, or unpredictable cash flow needs. In addition, redemption risk is heightened during periods of overall market turmoil. The redemption by one or more large shareholders of their holdings in the Fund could hurt performance and/or cause the remaining shareholders in the Fund to lose money. Further, if one decision maker has control of fund shares owned by separate Fund shareholders, including clients or affiliates of the Fund's adviser, redemptions by these shareholders may further increase the Fund's redemption risk. If the Fund is forced to liquidate its assets under unfavorable conditions or at inopportune times, the Fund's share price could decline.

Cybersecurity Risk. Cybersecurity failures by or breaches of the Fund's adviser, transfer agent, distributor, custodian, fund accounting agent or other service providers may disrupt Fund operations, interfere with the Fund's ability to calculate its NAV, prevent Fund shareholders from purchasing, redeeming or exchanging shares or receiving distributions, cause loss of or unauthorized access to private shareholder information, and result in financial losses, regulatory fines, penalties, reputational damage, or additional compliance costs. Substantial costs may be incurred in order to prevent any cyber incidents in the future. The Fund and its shareholders could be negatively impacted as a result.

Information regarding additional risks of investing in the Fund is set forth below. The Fund may be subject to additional risks other than those described below because the types of investments made by the Fund can change over time. Additional investment policies and risks of the Fund are set forth in the Statement of Additional Information of the Fund, which is available upon request.

Valuation Risk. Many factors may influence the price at which the Fund could sell any particular portfolio investment. The sales price the Fund could receive for any particular portfolio investment may well differ from the Fund's valuation of the investment, and such differences could be significant, particularly for securities that trade in relatively thin markets and/or markets that experience volatility. If markets make it difficult to value some investments, the Fund may value these investments using more subjective methods, such as fair valuation methodologies. Investors who purchase or redeem Fund shares on days when the Fund is holding fair-valued securities may receive fewer or more shares or lower or higher redemption proceeds than they would have received if the Fund had not fair-valued the securities or had used a different valuation methodology. The value of foreign securities, certain fixed-income securities and currencies, as applicable, may be materially affected by events after the close of the market on which they are

valued, but before the Fund determines its net asset value. The Fund's ability to value its investments may be impacted by technological issues and/or errors by pricing services or other third-party service providers.

Liquidity Risk. Liquidity risk exists when particular investments are difficult to purchase or sell. When the Fund holds these types of investments, the Fund's portfolio may be more difficult to value, especially during periods of market turmoil. Markets may become illiquid when there are few, if any, interested buyers or sellers or when dealers are unwilling or unable to make a market for certain securities. As a general matter, dealers recently have been less willing to make markets for fixed income securities. When the Fund holds illiquid investments, the Fund's portfolio may be harder to value, especially in changing markets. Investments by the Fund in derivatives, below investment grade securities, foreign securities, and corporate loans tend to involve greater liquidity risk. If the Fund is forced to sell or unwind these investments to meet redemptions or for other cash needs, the Fund may suffer a loss. Additionally, the market for certain investments may become illiquid under adverse market or economic conditions independent of any specific adverse changes in the conditions of a particular issuer. In such cases, the Fund, due to limitations on investments in illiquid securities and the difficulty in purchasing and selling such securities, may be unable to achieve its desired level of exposure to certain sectors. Further, certain securities, once sold, may not settle for an extended period. The Fund will not receive its sales proceeds until that time, which may constrain the Fund's ability to meet its obligations (including obligations to redeeming shareholders).

PORTFOLIO HOLDINGS INFORMATION

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information and at www.domini.com/funddocuments. Currently, disclosure of each Fund's holdings is required to be made within 60 days of the end of each fiscal semi-annual period (each July 31 and January 31) in the Annual Report and the Semi-Annual Report to Fund shareholders and as of the end of its first and third fiscal quarters (each October 31 and April 30) in publicly available filings of Form N-Q with the SEC.

To obtain copies of Annual and Semi-Annual Reports, free of charge, call 1-800-582-6757. Each Annual, Semi-Annual, and Form N-Q is available online at www.domini.com/funddocuments and on the EDGAR database on the SEC's website, www.sec.gov.

WHO MANAGES THE FUND?

Investment Adviser

Domini Impact Investments LLC ("Domini" or the "Adviser"), 180 Maiden Lane, Suite 1302, New York, NY 10038, has been managing money since November 1997. As of December 31, 2019, Domini managed more than

\$2.2 billion in assets for individual and institutional investors who are working to create positive change in society by using environmental and social standards in their investment decisions. Domini provides the Fund with investment supervisory services, overall operational support, and administrative services. Prior to November 30, 2016, Domini was known as Domini Social Investments LLC.

With respect to the Fund, Domini uses proprietary environmental and social research to select the Fund's investments. Domini also has authority to determine from time to time what securities are purchased, sold, or exchanged, and what portion of assets are held uninvested.

Domini's environmental and social research is conducted by a team of analysts led by Amy Domini and Carole Laible. Ms. Domini and Ms. Laible also serve as the portfolio managers of the Fund and are responsible for approving the sustainability themes for the Fund. The development and oversight of Domini's environmental and social standards is the responsibility of its Standards Committee which may be convened as necessary for interpretation of Domini's environmental and social standards. The Standards Committee currently includes Amy Domini, Carole Laible, and may include other Domini employees or industry experts.

The Fund employs a "manager of managers" structure under which the Adviser has responsibility to oversee any investment subadvisers and to recommend their hiring, termination, and replacement, subject to the oversight of the Board of Trustees of the Fund (the "Board"). The Fund may rely on an exemptive order from the SEC that permits the Adviser, upon approval of the Board, to change subadvisers without obtaining shareholder approval. Within 90 days of hiring any new subadviser, affected shareholders will be furnished with the information that would be included in a proxy statement regarding a new subadviser. The Adviser will not enter into a subadvisory agreement with an affiliated subadviser without shareholder approval.

Domini has claimed an exclusion from registration as a "commodity pool operator" with respect to the Fund under the Commodity Exchange Act, and therefore is not subject to registration or regulation with respect to the Fund under the Commodity Exchange Act.

Investment Subadviser

The Adviser may employ one or more subadvisers who are responsible for the day-to-day management of the Fund's investments, subject to the oversight of the Adviser. Subadvisers are paid out of the fees paid to the Adviser.

Domini Sustainable Solutions Fund

The Adviser employs a subadviser, SSGA Funds Management, Inc. ("SSGA FM" or the "Subadviser"), to purchase and sell securities to implement Domini's investment selections and manage the amount of the Fund's assets to be held in short-term investments. The Subadviser is paid out of the fees paid to the Adviser.

SSGA FM is a wholly-owned subsidiary of State Street Global Advisors, Inc. which itself is a wholly-owned subsidiary of State Street Corporation (“State Street”), a publicly traded financial holding company organized in Massachusetts. SSGA FM is registered with the U.S. Securities and Exchange Commission (“SEC”) under the Investment Advisers Act of 1940, as amended. SSGA FM and certain other affiliates of State Street make up State Street Global Advisors (“SSGA”). SSGA is one of the world’s largest institutional money managers and the investment management arm of State Street. As of December 31, 2019, SSGA FM managed approximately \$573.6 billion in assets. SSGA FM’s principal business address is One Iron Street, Boston, Massachusetts 02210.

Portfolio Managers

Amy Domini Thornton and Carole M. Laible of Domini, and Michael Finocchi of SSGA FM, are primarily responsible for the day-to-day management of the Fund. Ms. Domini and Ms. Laible are assisted by Domini’s research analysts. Mr. Finocchi is assisted by other members of SSGA’s Global Equity Beta Solutions Group. Each of Ms. Domini, Ms. Laible and Mr. Finocchi has been a portfolio manager of the Fund since April 1, 2020.

Domini

Amy Domini Thornton, CFA and Co-Manager, is the founder and Chair of Domini. She has served as Chair since 2016 and Chief Executive Officer from 2002 to 2015. Ms. Domini has also served as Chair of the Board of Trustees of the Domini Funds since 1990 and was President of the Domini Funds from 1990 through 2017. She has served as portfolio manager for Domini’s separately managed account since 2013 and the Domini Impact Equity Fund since December 2018. Ms. Domini also serve as a Private Trustee (since 1987) of Loring Wolcott & Coolidge as well as a Partner (since 1994) with Loring Wolcott & Coolidge Fiduciary Advisors LLP, a registered investment adviser. In this capacity she has responsibility for the investments of private trust accounts and works with individuals to integrate social or ethical criteria into their investments.

Carole M. Laible, Co-Manager, is the Chief Executive Officer of Domini (since 2016), and President of Domini Funds (since 2017). She previously served as the President of Domini from 2005 to 2015, Chief Operating Officer of Domini 2002 to 2011, and served as the Treasurer of the Domini Funds from 1997 through 2017. She has served as the portfolio manager of the Domini Impact Equity Fund since December 2018.

Ms. Domini and Ms. Laible currently serve on Domini’s Standards Committee which may be convened as necessary for interpretation of Domini’s social and in this capacity are responsible for the development and oversight of Domini’s environmental and social standards, along with other members of the Committee.

SSGA FM

Michael Finocchi, Assistant Vice President of SSGA FM and SSGA, and a Portfolio Manager in the Global Equity Beta Solutions Group, joined SSGA as an investment professional in 2005. Prior to assuming his portfolio manager role in 2014, Mr. Finocchi was a senior manager in Portfolio Administration responsible for the operations of funds managed by the Global Equity Beta Solutions Group. Before joining SSGA in 2005, he worked for Investors Bank & Trust as a senior tax analyst following his role in custody servicing.

The Statement of Additional Information contains additional information about the portfolio managers' compensation, other accounts managed by them, and their ownership of the securities of the Fund.

Management Fees

The Fund pays Domini fees for managing the Fund and for providing certain services. For managing the Fund, Domini receives fees at the following rates: 0.85% of the first \$500 million of net assets managed, 0.83% of the next \$500 million, and 0.80% of net assets managed in excess of \$1 billion. The current management fee schedule took effect January 31, 2020.

Domini, and not the Fund, pays a portion of the management fee it receives from the Fund to the subadviser as compensation for subadvisory services to the Fund.

Domini has contractually agreed to waive certain fees and/or reimburse certain ordinary operating expenses in order to limit Investor and Institutional share expenses to 1.40% and 1.15%, respectively, through November 30, 2021, absent an earlier modification by the Fund's Board.

As of the fiscal year ended July 31, 2019, the Fund had not yet commenced operations.

A discussion regarding the basis of the Board of Trustees' approval of the Fund's Management Agreement with Domini will be available in the Fund's Annual Report to shareholders for the fiscal year ended July 31, 2020. A discussion regarding the basis of the Board of Trustees' approval of the Fund's Submanagement Agreement with SSGA FM will be available in the Fund's Annual Report to shareholders for the fiscal year ended July 31, 2020.

THE FUND'S DISTRIBUTION PLAN

DSIL Investment Services LLC, a wholly owned subsidiary of Domini, is the distributor of the Fund's shares. The Fund has adopted a Rule 12b-1 plan with respect to its Investor shares that allows the Fund to pay its distributor on an annual basis for the sale and distribution of the Investor shares and for services provided to shareholders. These annual distribution and service fees may equal up to 0.25% of the average daily net assets of the Fund's Investor shares. The Fund does not pay any distribution fees with respect to the Institutional shares. Because distribution and service fees are paid out of the

assets of the Investor shares, respectively, on an ongoing basis, over time the fee will increase the cost of your investment and may cost you more than paying other types of sales charges.

For more information about the Fund's distribution plan relating to Investor shares, see the expense tables in the "The Fund at a Glance" section and the Statement of Additional Information.

ADDITIONAL PAYMENTS TO FINANCIAL INTERMEDIARIES

Certain financial intermediaries may request, and the Fund's distributor and/or its affiliates may agree to make, payments in addition to 12b-1 fees and sales charges, if any, out of the distributor's and/or its affiliate's own resources. These additional payments are sometimes referred to as "revenue sharing." These payments assist in the efforts to promote the sale of the Fund's shares. The Fund's distributor and/or its affiliates agree with the financial intermediary on the methods for calculating any additional compensation, which may include the level of sales or assets attributable to the firm. Not all intermediaries receive additional compensation and the amount of compensation varies. These payments could be significant to an intermediary. The Fund's distributor and/or its affiliates determine which financial intermediaries to support and the extent of the payments they are willing to make.

The Fund's distributor and/or its affiliates hope to benefit from revenue sharing by increasing the Fund's net assets, which, as well as benefiting the Fund, would result in additional management and other fees for the investment adviser and its affiliates. In consideration for revenue sharing, an intermediary may include the Fund in its sales system or give access to members of its sales force or management. In addition, the intermediary may provide marketing support, shareholder servicing, and/or other activities. Although an intermediary may seek revenue sharing payments to offset costs incurred by the firm in servicing its clients that have invested in the Fund, the intermediary may earn a profit on these payments.

If you purchase shares through a financial intermediary, revenue sharing payments may provide your firm, its employees, or associated persons with an incentive to favor the Fund. **You should ask your firm about any payments it receives from the Fund's distributor, its affiliates, and/or the Fund, as well as about fees and/or commissions it charges.**

The Fund's distributor and/or its affiliates may have other relationships with various banks, trust companies, broker-dealers, or other financial intermediaries relating to the provision of services to the Fund, such as providing omnibus account services, networking services, transaction processing services, or effecting portfolio transactions for Funds. If your intermediary provides these services, the Fund, the Fund's distributor, and/or its affiliates may compensate the intermediary for these services.

SHAREHOLDER MANUAL

This section provides you with information about how to contact the Fund, how to open an account, how to choose a share class, buying, selling, and exchanging shares of the Fund, how Fund shares are valued, Fund distributions, and the tax consequences of an investment in the Fund.

Institutional shares	LIFEX

Account Statements are mailed quarterly or monthly (Institutional shares only). Account statements are also available on our website if you are able to register for online account access.

Trade Confirmations are sent after purchases (except for Automatic Investment Plan purchases and dividend reinvestments) and redemptions (except Systematic Withdrawal Plan redemptions).

Annual and Semi-Annual Reports are mailed in late September and March, respectively, and are available online at www.domini.com/funddocuments.

OPENING AN ACCOUNT

How to Open an Account

1. Read this prospectus (and please keep it for future reference).
2. Review the “Description of Share Classes” and decide which class is appropriate for you.
3. Review “Types of Accounts” and decide which type is appropriate for you.
4. Decide how much you want to invest. Please see “Description of Share Class” for minimum initial investment requirements.
5. For Investor shares Domini offers two methods to open an account:
 - Online at www.domini.com/Open-Account Payment will be deducted directly from your bank account; or
 - By mail. Download or order an application at www.domini.com/Open-Account or call us at 1-800-762-6814 to receive a copy by mail.

You will need to have your Social Security number and date of birth for each account owner and beneficiary (for IRAs only) available to complete the application. (IRA beneficiary information can be added later if necessary). Please review “Important Information about Procedures for Opening a New Account”.

You can select the Fund, shares class, and account type you wish to invest in and have the payment deducted directly from your bank account (online) or send a check (by mail only). For payment directly from your bank via wire you will need to provide your bank with the wire transfer instructions set forth in “*Bank Wire or Electronic Funds Transfer*”. You’ll also be able to set up regularly scheduled automatic investments or withdrawals. For more information see “Automatic Transaction Plans”.

Please note that SEP and SIMPLE IRAs must be opened by regular mail. Representatives of trusts or corporations will also need to submit an application via mail.

For more information see “Buying, Selling, and Exchanging Shares – Investor Shares.”

6. For Institutional, shares follow the applicable instructions under “Buying, Selling, and Exchanging Shares – Institutional Shares.”

When using a paper application be sure to completely fill out and sign the Account Application appropriate for the account type and share class you have selected. If you need assistance, please call 1-800-582-6757, business days, 9 a.m. to 6 p.m., Eastern Time or other intermediary for (Institutional shares).

For more information on transferring assets from another mutual fund family, please call 1-800-582-6757.

What Is “Good Order”?

Purchase, exchange, and sale requests must be in “good order” to be accepted by the Fund. To be in “good order” a request must include the following:

- The Fund name and account number
- The receipt of payment for shares by check, wire, ACH transfer, or the amount of the transaction (in a specific dollar amount, number of shares, or percentage of account value) for the exchange or sale (receipt of payment via ACH transfers may take at least 2 business days)
- Name, address, and other information that will allow us to identify you
- The signatures of all owners exactly as registered on the account (for redemption requests by mail)
- For corporate or institutional accounts, a certified copy of a current list of authorized signatories or a related certified corporate resolution, as applicable
- A Medallion Signature Guarantee, if required (see “Additional Information on Selling Shares”)
- Any other supporting legal documentation that may be required

Exchange and sale requests that exceed the available account balance or number of shares will be rejected.

Important Information about Procedures for Opening a New Account

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens a new account. What this means for you: When you open a new account, you will be asked to provide your name, residential address, date of birth, Social Security number, and other information that identifies you. You may also be asked to show your driver’s license or other identifying documents.

For businesses and other entities seeking to open an account or establish a relationship, federal law requires us to obtain, verify, and record information that identifies each business or entity. What this means for you: When you open an account or establish a relationship, we will ask for your business name or other entity name, a street address, and a tax identification number, which federal law requires us to obtain.

If the Fund is not adequately able to identify you within the time frames set forth in the law, your shares may be automatically redeemed. If the net asset value per share has decreased since your purchase, you will lose money as a result of this redemption. You may also incur any applicable charges and expenses.

DESCRIPTION OF SHARE CLASSES

The Fund offers two classes of shares: Investor shares and Institutional shares. As described herein, each share class has its own cost structure and eligibility requirements, allowing you to choose the one that best meets your needs. The Fund, the Adviser, and/or its affiliates may modify the qualifications for purchase of each class of shares at any time.

The Investor shares have adopted a Rule 12b-1 plan that allows the class to pay distribution fees for the sale and distribution of its shares and for providing services to shareholders. Because these fees are paid out of the Fund's assets on an ongoing basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges.

Dealers and other financial intermediaries purchasing shares for their customers in omnibus accounts are responsible for compliance with class eligibility restrictions.

Your investment professional or financial intermediary may receive different compensation depending upon which class you choose and may impose their own investment fees and practices for purchasing and selling Fund shares, which are not described in this prospectus or in the SAI. Consult your investment professional or financial intermediary about the availability of Fund share classes, the investment professional or financial intermediary's practices, and other information.

Please note that the Fund does not charge any front-end sales charge, contingent deferred sales charge or asset-based fee for sales or distribution of Institutional shares. However, if you invest in Institutional shares through an investment professional or financial intermediary, that investment professional or financial intermediary may charge you a commission in an amount determined and separately disclosed to you by that investment professional or financial intermediary.

Because the Fund is not a party to any commission arrangement between you and your investment professional or financial intermediary, any purchases and redemptions of Institutional shares will be made by the Fund at the applicable net asset value (before imposition of the sales commission). Any commissions charged by an investment professional or financial intermediary are not reflected in the fees and expenses listed in the Fund's fee table or expense example in this prospectus nor are they reflected in the Fund's performance in the bar chart and table in this prospectus because these commissions are not charged by the Fund.

If you purchase Fund shares through a broker-dealer or other financial intermediary or financial institution that has entered into an agreement with the Fund's distributor or affiliates, your transaction may be subject to transaction and other charges or investment minimums established by that entity. Investors in the Fund do not pay such transaction charges if shares are purchased directly from the Fund.

INVESTOR SHARES

- No front-end sales charge.
- Distribution and service (12b-1) fees of 0.25%.
- The minimum *initial* investment in the Fund is as follows:
 - \$2,500 for regular accounts (\$1,500 if using our Automatic Investment Plan)
 - \$1,500 for Retirement Accounts, UGMA/UTMA Accounts, and Coverdell Education Savings Accounts (Automatic Investment Plan also available)
- The minimum to buy *additional* shares of the Fund is as follows:
 - \$50 for accounts using our Automatic Investment Plan
 - \$100 for all other accounts
- The Fund may waive minimums for initial and subsequent purchases for investors who purchase shares through omnibus accounts.

INSTITUTIONAL SHARES

- No front-end sales charge. However, if you invest in Institutional shares through an investment professional or financial intermediary, that investment professional or financial intermediary may charge you a commission in an amount determined and separately disclosed to you by that investment professional or financial intermediary.
- No 12b-1 fees.
- May only be purchased by or for the benefit of investors that meet the minimum investment requirements, have been approved by the distributor, and fall within the following categories: endowments, foundations, religious organizations and other nonprofit entities, individuals, retirement plan sponsors, family office clients, private trusts, certain corporate or similar institutions, or omnibus accounts maintained by financial intermediaries.
- The minimum *initial* investment is \$500,000.
- Investors may meet the minimum initial investment amount by aggregating up to three separate accounts within the Institutional share class of the Fund.
- Accounts will not generally be established for omnibus or other accounts for which Domini provides recordkeeping and other shareholder service payments or for which the Fund is required to pay any type of administrative payment per participant account.

TYPES OF ACCOUNTS

You may invest in the Fund through the following types of accounts:

Individual and Joint Accounts (nonretirement)	Invest as an individual or with one or more people. If you are opening a joint account, joint tenancy with rights of survivorship will be assumed unless other ownership is noted on your Account Application. You may also open an account to invest assets held in an existing personal trust.
Individual Retirement Accounts (IRAs)	You may open an account to fund a traditional IRA or a Roth IRA. Custodian and other account level fees will apply.
Uniform Gifts/Transfers to Minors Act (UGMA/UTMA) Accounts	These accounts are maintained by a custodian you choose (which may be you) on behalf of a minor. They provide a simple method for giving irrevocable gifts to children without having to establish a formal trust.
Coverdell Education Savings Accounts (formerly Education IRAs)	These accounts may be established on behalf of any child with a Social Security number and are used to save for higher education expenses. Custodian and other account level fees will apply.
Employer-Sponsored Retirement and Benefit Plans	You may be able to open an account for or as part of an employer-sponsored retirement or benefit plan, such as a 401(k) plan, SEP-IRA, or SIMPLE IRA. Custodian and other account level fees will apply.
For an Organization Omnibus Accounts	You may open an account for a trust, corporation, partnership, endowment, foundation, or other entity. Financial intermediaries may invest through omnibus accounts held on the books of the Fund. Individuals may only invest through entities which maintain an omnibus account on the books of the Fund.

PAPER DOCUMENT DELIVERY FEE

An annual paper document delivery fee of \$15 is deducted from each direct Fund account that has a balance below \$10,000. This fee is charged in order to help defray the significant costs associated with printing and mailing paper statements and documents for each account.

You may avoid this paper document delivery fee by choosing paperless e-delivery of statements, prospectuses, shareholder reports, and other materials for each of your Fund accounts.

To sign up for e-delivery, you must first establish online account access. Visit www.domini.com/accountaccess to register. Once you are logged on to your account, select “Account Options,” and select the “E-Delivery” option. You can then choose e-delivery for various documents and provide your e-mail address. See “Fund Statements and Reports — E-Delivery” for more information.

The paper document delivery fee applies to both retirement and nonretirement Fund accounts held directly with Domini. The paper document delivery fee, which will be collected by redeeming Fund shares in the amount of \$15, will be deducted from the Fund account only once per calendar year (generally December). The fee will be assessed based on your account balance as of the day account balances are reviewed and will not take into account your average account balance for the year.

The paper document delivery fee will not be deducted on accounts held through intermediaries or participant accounts in employer-sponsored defined contribution plans.

At its discretion, Domini reserves the right to waive or modify the paper document delivery fee at any time.

BUYING, SELLING, AND EXCHANGING INVESTOR SHARES

The following chart describes all the ways you can buy, sell, and exchange Investor shares of the Domini Funds. If you need any additional information or assistance, please call 1-800-582-6757.

METHOD	INSTRUCTIONS	
Mail ⁴	For regular mail:	For overnight deliveries only:
By Mail you may:	Domini Funds	Domini Funds
Buy	P.O. Box 9785	4400 Computer
Sell	Providence, RI 02940-9785	Drive Westborough, MA 01581
Exchange		

To buy shares by mail:

- For your *initial investment*, complete an Account Application and mail it with your check, or arrange for a bank wire (see "Bank Wire or Electronic Funds Transfer via ACH").
- For *subsequent investments*, fill out the investment slip included with trade confirmations, account statements, or printed from www.domini.com, or send a note with your check indicating the Fund name, the account number, and the dollar amount, or arrange for a bank wire, (see "Bank Wire or Electronic Funds Transfer via ACH").
- Your check must be made payable to "Domini Funds." Always include your account number on your check. Note: To comply with anti-money laundering rules and for our mutual protection, the Fund generally does not accept cash, cashier's checks, money orders, checks made payable to third parties or dated six months or older, starter checks, traveler's checks, or checks drawn on a non-U.S. bank.
- Please note that if you purchase shares by check and you sell those shares soon after purchase, your redemption proceeds will not be sent to you until your check clears, which may take 10 or more business days after purchase.

To sell shares by mail (you must include the following information in your written instruction or your request may be returned):

- The Fund name
- The Fund account number
- The dollar amount or number of shares
- The signatures of all necessary authorized signers exactly as they appear on the initial application
- A Medallion Signature Guarantee, if required (see "Additional Information on Selling Shares")
- Additional supporting documentation may be required for certain types of accounts

METHOD**INSTRUCTIONS**

Mail⁴
(Continued)

To exchange shares by mail (selling shares of one Fund and using the proceeds to purchase shares of another Domini Fund), you must include the following information or your request may be returned:

- The Fund names
- The Fund account numbers
- The dollar amount or number of shares
- The signatures of all necessary authorized signers exactly as they appear on the initial application

The Domini Funds and their transfer agent do not consider the U.S. Postal Service or other independent delivery services to be their agents. Therefore, deposit in the mail or with such services or receipt of transaction requests at the transfer agent's post office box does not constitute receipt by the transfer agent or the Domini Funds. Accordingly, there may be a delay in receipt by the transfer agent of transaction requests submitted to the transfer agent's post office box.

Online^{3,4,5}
Online you may:
Buy
Sell
Exchange

You may communicate orders to buy, sell,* and exchange shares online 24 hours a day** by following these steps:

- Visit www.domini.com/accountaccess to open a new account or access your existing account.
- To buy shares online, you will need to establish bank instructions on your account. To do this while opening a new account online, simply have your bank details ready and follow the on-screen instructions.

To add or change bank instructions for an existing account, you must submit a Wire/ACH Redemption Form by mail, which can be downloaded at www.domini.com, or submit a written request that contains the following information:

- Bank name and address
- ABA/routing number
- Account Name and Number
- Account type (checking, money market, or savings) and a voided check, if applicable

Your signature on the Wire/ACH Redemption Form or other written request must be accompanied by a Medallion Signature Guarantee, which can be obtained at a local bank or other financial firm (see "Additional Information on Selling Shares" for more information).

To buy, sell, or exchange Fund shares online in an existing account, please go to www.domini.com/accountaccess to access your existing account.

- Online help is available at each screen.

* Online distribution requests are not available for Retirement Plan/IRA accountholders.

** Access to the online account management system may be limited during periods of peak demand, market volatility, system upgrades or maintenance, or for other reasons. Your transaction will be processed as of the first business day it is deemed to be in good order before the close of trading (normally 4 p.m. Eastern Time).

METHOD**INSTRUCTIONS**

Phone^{1,2,3,4,5}

By Phone you may:

Buy**Sell****Exchange***Automated:*

Current shareholders may buy, sell,* and exchange shares using our automated telephone account access system 24 hours a day by following these steps:

- Dial 1-800-582-6757.
- Establish or use your Personal Identification Number (PIN) and then follow the prompts to enter a transaction instruction.
- At any time you may follow the prompts to return to the main menu. Access to the automated telephone system may be limited during periods of peak demand, market volatility, system upgrades or maintenance, or for other reasons.

* Automated distribution requests are not available for Retirement Plan/IRA accountholders.

Speak to a live Shareholder Services Representative:

Current shareholders may buy, sell,* and exchange shares by calling 1-800-582-6757, business days, 9 a.m. to 6 p.m. Eastern Time. Follow the prompts and say "speak to a representative".

Your transaction will be processed as of the first business day it is deemed to be in good order before the close of trading (normally 4 p.m. Eastern Time).

* Telephonic distribution requests are not available for 403(b) accountholders. Please contact Shareholder Services for assistance.

**Bank Wire or
Electronic Funds
Transfer via ACH**^{4,5}By Bank Wire or
Electronic Funds
Transfer you may:**Buy****Sell***To buy shares:*

For your initial investment, you may open an account online at www.domini.com, or complete an Account Application and mail it to Domini Funds at the address shown above for purchasing shares by mail.

Then call 1-800-582-6757 to obtain an account number before directing your bank to send funds by wire (skip this step if you are opening an account online).

You must include the following information in your wire transfer or your money may be returned uninvested:

- | | |
|--------------|-------------------------------|
| • Bank: | Bank of New York Mellon |
| • Location: | New York |
| • ABA: | 011001234 |
| • Acct Name: | BNY Mellon Investment |
| • Acct #: | Servicing (US) Inc. as agent |
| • FBO: | for Domini Impact Investments |
| | 0000733148 |
| | Account Name, Account |
| | Number, and Domini Fund |
| | Name |

For subsequent investments, please call 1-800-582-6757 to notify Shareholder Services of your incoming wire and use the wire instructions above.

METHOD**INSTRUCTIONS**

**Bank Wire or
Electronic Funds
Transfer via ACH^{4,5}**
(Continued)

To sell shares:

If you have already established banking instructions on your account, you may request receipt of redemption proceeds by wire or electronic funds transfer via ACH online, in writing, or by speaking with a Shareholder Services representative at 1-800-582-6757.

Shares purchased via ACH are not immediately available for redemption. Note that accounts opened online may be limited to directing the delivery of redemption proceeds to the bank account associated with the ACH transaction funding the purchase.

If you would like to establish privileges for wire redemption or electronic funds transfer via ACH or change the redemption proceeds delivery instructions for an existing account, you must fill out and submit the Wire/ACH Redemption Form available at www.domini.com or submit a written request that contains the following information:

- Bank name and address
- ABA/routing number
- Account name and number
- Account type (checking, money market, or savings) and a voided check, if applicable

Your signature on the Wire/ACH Redemption Form or other written request must be accompanied by a Medallion Signature Guarantee (see “Additional Information on Selling Shares” for more information).

There is a \$10 outgoing wire transfer fee (deducted directly from sale proceeds) and a \$1,000 minimum wire amount. The wire transfer fee and the minimum wire amount may be waived for certain individuals and institutions at Domini’s discretion. Electronic funds transfer via ACH has no outgoing fee, but it may take at least two business days for the funds to reach your bank account.

-
- (1) First-time users will need to call 1-800-582-6757, business days, 9 am to 6 p.m., Eastern Time, and follow the prompts to obtain a telephone PIN.
 - (2) Neither the Fund nor their transfer agent, distributor, agents, or affiliates will be liable for any loss, liability, cost, or expense for acting on telephone instructions believed to be genuine. The Fund will employ reasonable procedures to confirm that instructions communicated by telephone are genuine. Please contact the Fund if you wish to suspend telephone redemption privileges.
 - (3) After establishing ACH privileges, shareholders may place ACH transaction orders by telephone, online or through the automated telephone account access system. All electronic deposits are subject to review. Your ACH transaction purchase order will be considered in good order on the date the payment for shares is received by the Fund before the close of regular trading (normally 4 p.m. Eastern Time on a day that the NYSE is open for trading). This may take at least 2 business days.
 - (4) Redemptions or exchanges of shares made less than 30 days after settlement of purchase or acquisition through exchange will be subject to a redemption fee equal to 2% of the amount redeemed or exchanged, subject to certain exceptions. The redemption fee will be deducted from your proceeds and returned to the applicable Fund. If you acquired shares on different days, the “first in, first out” (FIFO) method is used to determine the holding period. This means that the shares you held the longest will be redeemed first for purposes of determining whether the redemption fee applies. Please see “Market Timing and Redemption Fee” for additional information.

- (5) Sales (redemptions) exceeding \$100,000 must be requested in writing (see “Buying, Selling, and Exchanging Shares by Mail” and “Additional Information on Selling Shares” for more information) and generally require a medallion signature guarantee.

Existing shareholders may exchange all or a portion of their Fund shares into shares of the same class of any other available Domini Fund. All exchanges must meet applicable minimum investment requirements.

IMPORTANT: Once a redemption order is placed, the transaction **cannot** be cancelled by the shareholder.

BUYING, SELLING, AND EXCHANGING INSTITUTIONAL SHARES

For information regarding the ways you can buy, sell, and exchange Institutional shares of the Fund please call 1-800-582-6757. Institutional shares are purchased at net asset value with no front-end sales charge and no contingent deferred sales charge when redeemed. However, if you invest in Institutional shares through an investment professional or financial intermediary, that investment professional or financial intermediary may charge you a commission in an amount determined and separately disclosed to you by that investment professional or financial intermediary.

AUTOMATIC TRANSACTION PLANS

Automatic transaction plans are available for your convenience to purchase or to sell Investor and Institutional shares at specified intervals without having to manually initiate each transaction.

Automatic Investment Plan – Investor and Institutional

You may authorize your Service Organization, or if you do not have a brokerage account with a Service Organization, the Fund, to have specified amounts automatically deducted from your bank account and invested in the Fund in weekly, monthly, quarterly, semi-annual, or annual intervals. This service can be established for your account at any time. Visit www.domini.com to access an Automatic Investment Plan form. For Investor shares or Institutional shares call 1-800-582-6757 for more information.

This service may take up to four weeks to begin. Also, due to the varying procedures to prepare, process, and forward the bank withdrawal information to the Fund, there may be periodic delays in posting the funds to your account.

Systematic Withdrawal Plan – Investor and Institutional shares

If you own shares of the Fund with an aggregate value of \$10,000 or more, you may establish a Systematic Withdrawal Plan under which shares will be sold, at net asset value, in the amount and for the periods specified (minimum \$100 per payment). Shares redeemed under the plan will not be subject to any applicable redemption fees.

The amount of your investment in the Fund at the time you elect to participate in the Systematic Withdrawal Plan is referred to as your “initial account balance.” You may not redeem more than 10% of your initial account balance in any calendar year under the Systematic Withdrawal Plan.

The Fund reserves the right to change the terms and conditions of the Systematic Withdrawal Plan and may cease offering the Systematic Withdrawal Plan at any time.

Except as noted below, there is no charge to participate in the Systematic Withdrawal Plan. Call 1-800-582-6757 for more information.

Dollar-Cost Averaging

Dollar-cost averaging is a long-term investment strategy designed to avoid the pitfalls of timing the market by investing equal amounts of money at regular intervals (monthly, quarterly, and so on) over a long period of time.

Although the strategy doesn't assure a profit or protect against a loss, the idea behind dollar-cost averaging is that over time an investor buys more shares at lower prices, and fewer shares at higher prices.

The key to dollar-cost averaging is to stick with it for the long term, through periods of rising and falling markets. Strictly adhering to a long-term dollar-cost averaging strategy can help to avoid the mistake of investing all of your money when the market is high. Before using this strategy, investors should consider their financial ability to continue making purchases in a declining market.

To facilitate dollar-cost averaging you may purchase Fund shares at regular intervals through the Fund's Automatic Investment Plan, if available.

ADDITIONAL INFORMATION ON SELLING SHARES

Same Fund Exchange Privilege

Certain shareholders may be eligible to exchange their shares of the Fund for another class of shares of the same Fund. If eligible, no sales charges or other charges will apply to any such exchange. Generally, shareholders will not recognize a gain or loss for federal income tax purposes upon such an exchange. Investors should contact Shareholder Services, their intermediary or Service Organization as applicable, to learn more about the details of this privilege. You should consult your own tax adviser about your particular situation and the status of your account under state and local laws.

Signature Guarantees

In order to protect your account from fraud, you are required to obtain a Medallion Signature Guarantee from a participating institution in certain circumstances, including for any of the following:

- Sales (redemptions) exceeding \$100,000
- Sales made within 30 days following any changes in account address

- Sales proceeds to be sent to a third party or to an address other than the address for which the account is registered, unless such information already has been established on your account
- Sales proceeds to a bank account, unless bank instructions already have been established on your account
- Sales and address changes after your account has been placed on “rpo” status due to return of non-deliverable mail
- Change to the account name on your account
- For accounts opened online and funded via ACH, sale (redemption) proceeds to be delivered by check, or to a bank account other than the account from which an ACH purchase originated, as required by the Fund or their transfer agent.

The following types of institutions may participate in the Medallion Signature Guarantee program:

- Banks
- Savings institutions
- Credit unions
- Broker-dealers
- Other guarantors acceptable to the Fund and their transfer agent

The Fund and their transfer agent cannot accept guarantees from notaries public or organizations that do not provide reimbursement in the case of fraud. There are different Medallion limits based on the amount of money being redeemed. Please ensure you obtain the proper Medallion. The Fund or their transfer agent may, at their option, request further documentation prior to accepting requests for redemptions.

The Fund may allow Institutional share investors to waive the protection of being required to obtain a Medallion Signature Guarantee for sales requests exceeding \$100,000, provided that all the following conditions are met:

- No changes have been made to the applicable account registration within 30 days prior to the request.
- The request is signed in exactly the same way the account is registered, by all necessary registered owners or authorized signers, as applicable.
- The proceeds are directed to an address for which the account is registered or another authorized address on file (e.g., a bank previously authorized by the registered owner).
- A resolution of the registered owner, or similar supporting documentation acceptable to the Fund, authorizing the election of this waiver has been provided.

An Institutional share investor can elect to waive the Medallion Signature Guarantee requirement on a new account, by filling out the appropriate area

on the Account Application, and providing a Medallion Signature Guarantee, and a resolution of the registered owner (or similar supporting documentation acceptable to the Fund) authorizing such election. For existing accounts, if you would like to establish this waiver, you must fill out a Medallion Signature Guarantee Waiver form, accompanied by a Medallion Signature Guarantee and a resolution of the registered owner (or similar supporting documentation acceptable to the Fund) authorizing such election.

Neither the Fund, its transfer agent, Domini, nor any of their agents or affiliates will be liable for any loss, liability, cost, or expense for acting upon any written sales request subject to a Medallion Signature Guarantee waiver election reasonably believed to be genuine. Please contact the Fund if you wish to suspend this waiver.

Unusual Circumstances

The Fund reserves the right to revise or terminate the telephone or the online redemption privilege at any time, without notice. In the event that the Fund suspends telephone redemption privileges, or if you have difficulty getting through on the phone, you will still be able to redeem your shares through the other methods listed above.

The Fund may postpone payment of redemption proceeds under either of these circumstances:

- During any period in which the NYSE is closed or in which trading is restricted
- If the SEC determines that an emergency exists

Large Redemptions

It is important that you call the Fund before you redeem any amount in excess of \$500,000. We must consider the interests of all Fund shareholders and so reserve the right to delay delivery of your redemption proceeds — up to 7 days — if the amount to be redeemed will disrupt the Fund's operation or performance.

In an effort to protect the Fund from the possible adverse effects of a substantial redemption in a large account, as a matter of general policy no shareholder or group of shareholders controlled by the same person or group of persons will knowingly be permitted to purchase in excess of 5% of the outstanding shares of the Fund, except upon approval of the Adviser.

Redemptions in Kind

The Fund reserves the right to pay part or all of the redemption proceeds in kind, i.e., in securities, rather than cash. If the Fund redeems in kind, it generally will deliver to you a proportionate share of the portfolio securities owned by the Fund. Securities you receive this way may increase or decrease in value while you hold them and you may incur brokerage and transaction charges and tax liability when you convert the securities to cash.

Market Timing and Redemption Fee

The Fund is a long-term investments. Market timers, who buy and sell rapidly in the hopes of making a short-term profit, drive up costs for all other shareholders, including long-term shareholders who do not generate these costs. Market timers can disrupt portfolio investment strategies, for example by causing a portfolio manager to sell securities to meet a redemption request when the manager might otherwise have continued to hold the securities, and may increase the Fund's transaction costs, such as brokerage expenses. The Fund may be more susceptible to market timing by investors seeking to take advantage of time zone arbitrage opportunities when events affecting the value of the Fund's portfolio occur after the close of the overseas markets but prior to the close of the U.S. market and the calculation of the Fund's NAV. **Do not invest with the Domini Funds if you are a market timer.**

The Board of Trustees has approved a redemption fee to discourage the Fund from being used as vehicles for frequent short-term shareholder trading. The Fund will deduct a redemption fee of 2% from any redemption or exchange proceeds if you sell or exchange shares after holding them less than 30 days. The redemption fee will be deducted from your redemption proceeds and returned to the applicable Fund. If you acquired shares on different days, the "first in, first out" (FIFO) method is used to determine the holding period. This means that the shares you hold the longest will be redeemed first for purposes of determining whether the redemption fee applies.

The redemption fee is not imposed on the following:

- Shares acquired as a result of reinvestment of dividends or distributions
- Shares purchased, exchanged, or redeemed by means of a preapproved Automatic Investment Plan or Systematic Withdrawal Plan arrangement
- Shares redeemed or exchanged by omnibus accounts maintained by intermediaries that are unable or unwilling to process the redemption fee
- Shares redeemed or exchanged through certain retirement plans that are unable or unwilling to process the redemption fee
- Shares redeemed following the death of a shareholder
- Shares redeemed on the initiation of the Fund (e.g., for failure to meet account minimums)
- Share redemptions or exchanges of \$25,000 or less
- Shares transferred from one class to another class of the same Fund
- Shares redeemed as a result of any changes in account registration
- Shares redeemed or exchanged through employer-sponsored retirement plans, attributable to the following: (i) participant withdrawals due to mandatory distributions, rollovers, and financial hardships; (ii) a participant leaving their job; (iii) shares sold by the plan administrator to repay a plan loan; (iv) shares acquired or sold for a participant's account in connection with an automatic rebalancing of the participant's account;

(v) plan sponsor directed or initiated actions, (vi) shares transferred to the record name of a successor service provider to a plan; or (vii) redemptions for the purpose of returning excess contributions to the employer

- Shares redeemed in connection with mandatory IRA account distributions or for the purpose of return of excess contribution to IRA accounts
- Shares redeemed pursuant to an automatic non-discretionary rebalancing program, wrap-fee, or similar type of account or program maintained by non-affiliated broker-dealers and other financial institutions that have entered into agreements with the Fund, the distributor, or its affiliates

The Fund may also waive the imposition of redemption fees in their discretion when it is deemed appropriate.

If you qualify for a redemption fee waiver, you must notify your Service Organization or the transfer agent at the time of purchase. It shall be the responsibility of the shareholder or applicable intermediary to request a waiver and to provide sufficient evidence to the Fund or their agent that the requested waiver is warranted.

The Fund's Board of Trustees has also approved methods for the fair valuation of securities held in the Fund's portfolio in an effort to deter market timing activities. Please see "How the Price of Your Shares Is Determined — How is the value of securities held by the Fund determined?" for more information.

In addition, the Fund's Board of Trustees has adopted policies and procedures that are designed to discourage and detect excessive trading and market timing activities. These policies and procedures provide that Domini reviews transactions in excess of certain thresholds in order to monitor trading activity. If Domini suspects a pattern of market timing, we may reject the transaction, close the account, and/or suspend or terminate the broker if possible to prevent any future activity. The Fund does not knowingly accommodate excessive trading and market timing activities.

In certain circumstances, a financial intermediary, such as a broker, adviser, retirement plan, or third party administrator, will hold Fund shares on behalf of multiple beneficial owners in an omnibus account. The Fund does not know the identity of shareholders who hold shares through an omnibus account and must rely on the systems of the financial intermediary for that information. Consequently, the Fund's ability to monitor trading or detect market timing in omnibus accounts may be limited. The Fund's distributor, in accordance with applicable law, enters into agreements with financial intermediaries that require the intermediaries to provide certain information to the Fund to help identify excessive trading activity and to restrict or prohibit future purchases or exchanges of Fund shares by shareholders identified as having violated the Fund's policies.

Financial intermediaries may apply purchase and exchange limitations that are different from the limitations imposed by the Fund. If you purchase, exchange, or sell Fund shares through a financial intermediary, you should

check with your intermediary to determine what purchase and exchange limitations are applicable to your transactions.

Certain financial intermediaries are unable or unwilling to charge the Fund's redemption fee as described above or may charge a different redemption fee. Some financial intermediaries will not apply one or more of the exemptions listed above or may exempt transactions not listed above in determining whether to charge a redemption fee. The Fund may determine not to charge a redemption fee on transactions implemented through a financial intermediary's account. There are no assurances that financial intermediaries will properly assess the Fund's redemption fee even in circumstances where they agree to do so. If you purchase, exchange, or sell Fund shares through a financial intermediary, you should check with your intermediary to determine which of your transactions will be subject to a redemption fee.

Because the Fund may not be able to detect all instances of market timing, there is no guarantee that the Fund will be able to identify, deter, or eliminate all market timing or excessive trading of Fund shares.

HOW THE PRICE OF YOUR SHARES IS DETERMINED

The price of your shares is based on the net asset value of the applicable class of shares of the Fund that you hold. The net asset value (or NAV) of each class of shares of the Fund is determined as of the scheduled close of regular trading on the NYSE, normally 4 p.m., Eastern Time, on each day the Exchange is open for trading. If the NYSE closes at another time, the Fund will determine the NAV of each class of shares of the Fund as of the scheduled closing time.

This calculation is made by deducting the amount of the liabilities (debts) of the applicable class of shares of the applicable Fund, from the value of its assets, and dividing the difference by the number of outstanding shares of the applicable class of the Fund.

$$\text{Net Asset Value (NAV)} = \frac{\text{Total Assets} - \text{Total Liabilities}}{\text{Number of Shares Outstanding}}$$

To calculate the value of your investment, simply multiply the NAV by the number of shares of the Fund you own.

How can I find out the NAV of my shares?

You may obtain the NAV for your shares 24 hours a day **online** at www.domini.com/funddocuments or by **telephoning** 1-800-582-6757 from a touch-tone phone to access our automated telephone system or speak with a Shareholder Services representative. You will also receive this information on your periodic account statements.

How do you determine what price I will get when I buy shares?

Investments will be processed at the next share price calculated after an order is received in good order by the Fund or its designated agent. Please note that purchase requests received after the share price has been calculated for the Fund (normally 4 p.m. Eastern Time on each day that the NYSE is open for trading) will be processed at the next share price that is calculated by the Fund after the order is received in good order by the Fund or its designated agent. The designated agent is responsible for transmitting your order to the Fund in a timely manner.

For current shareholders who place ACH transactions online or through the automated telephone account access system, please note that your ACH transaction will be considered in good order on the date the payment for shares is received by the Fund. This may take at least 2 business days.

The Fund may stop offering its shares for sale at any time and may reject any order for the purchase of its shares.

How do you determine what price I will get when I sell shares?

When you sell shares, you will receive the next share price that is calculated after your sale request is received by the Fund or its designated agent in good order. (See “What Is ‘Good Order?’” above for more information.) Please note that redemption requests received after the share price has been calculated for the Fund (normally 4 p.m. Eastern Time on each day that the NYSE is open for trading) will be processed at the next share price that is calculated by the Fund after the order is received in good order by the Fund or its designated agent. The designated agent is responsible for transmitting your order to the Fund in a timely manner.

The Fund may pay redemption proceeds by check or, if your account is eligible and you have completed the appropriate box on the Account Application or submitted other written instructions, by bank wire or electronic funds transfer via ACH. The appropriate Fund will normally pay redemption proceeds from the sale of shares on the next day the NYSE is open for trading, but in any event within 7 days, regardless of the method the Fund uses to make such payment. If you purchased the shares you are selling by check, the Fund may delay the payment of the redemption proceeds until the check has cleared, which may take up to 10 calendar days from the purchase date. Please note that shares purchased by electronic transfer (ACH) are not immediately available for redemption pending confirmation of receipt of payment and the delivery of such redemption proceeds may be limited to the bank account associated with the ACH funding the purchase.

Your redemption proceeds may be delayed, or your right to receive redemption proceeds suspended, if the NYSE is closed (other than on weekends or holidays) or trading is restricted, if the Securities and Exchange Commission determines that an emergency or other circumstances exist that make it impracticable for the Fund to sell or value its portfolio securities, or otherwise as permitted by the rules of or by the order of the Securities and Exchange Commission.

Under normal circumstances, the Fund expects to meet redemption requests by using cash or cash equivalents in its portfolio and/or selling portfolio assets to generate cash. Under stressed or abnormal market conditions or circumstances, including circumstances adversely affecting the liquidity of the Fund's investments, the Fund may be more likely to be forced to sell portfolio assets to meet redemptions than under normal market circumstances. Under such circumstances, the Fund could be forced to liquidate assets at inopportune times or at a loss or depressed value. The Fund also may pay redemption proceeds using cash obtained through borrowing arrangements that may be available from time to time. The Fund reserves the right to pay part or all of the redemption proceeds in kind, i.e., in securities, rather than cash. If the Fund redeems in kind, it generally will deliver to you a proportionate share of the portfolio securities owned by the Fund. Securities you receive this way may increase or decrease in value while you hold them and you may incur brokerage and transaction charges and tax liability when you convert the securities to cash. The Fund may redeem in kind at a shareholder's request or if, for example, the Fund reasonably believes that a cash redemption may have a substantial impact on the Fund and its remaining shareholders.

During periods of deteriorating or stressed market conditions, when an increased portion of the Fund's portfolio may be comprised of less-liquid investments, or during extraordinary or emergency circumstances, the Fund may be more likely to pay redemption proceeds with cash obtained through short-term borrowing arrangements (if available) or by giving you securities.

Sales of shares made less than 30 days after settlement of a purchase or acquisition through exchange will be subject to an early redemption fee, with certain exceptions. (See "Additional Information on Selling Shares — Market Timing and Redemption Fee" above for more information.)

Access to the automated telephone system and online processing may be limited during periods of peak demand, market volatility, system upgrades or maintenance, or other reasons.

How is the value of securities held by the Fund determined?

Equity securities and other instruments held by the Fund that are listed or traded on national securities exchanges are generally valued at the last sale price on the exchange or market on which the security or instrument is primarily traded at the time of valuation. Securities listed on the NASDAQ National Market System are generally valued using the NASDAQ Official Closing Price. Bonds and other fixed income securities held by the Fund generally are valued on the basis of valuations furnished by independent pricing services, use of which has been approved for the Fund, as applicable by the Board of Trustees. When a market price is not available, or when the adviser has reason to believe that the price does not represent market realities, the adviser will value securities instead by using methods approved by the Fund's Board of Trustees. When the Fund uses fair value pricing, the Fund's value for a security may be different from quoted market values or what the Fund would receive upon the sale of such security.

The Fund invests in the stocks of companies located throughout the world including, Europe and the Asia-Pacific region, as applicable. Non-U.S. equity securities are valued on the basis of their most recent closing market prices at 4 p.m. Eastern Time on each day that the NYSE is open for trading except under the circumstances described herein. Most non-U.S. markets close before 4 p.m. Eastern Time. If the adviser determines that developments between the close of the non-U.S. market and 4 p.m. Eastern Time will, in its judgment, materially affect the value of some or all of the Fund's securities, it will adjust the previous closing prices to reflect what it believes to be the fair value of the securities as of 4 p.m. Eastern Time. In deciding whether to make these adjustments, the adviser reviews a variety of factors, including developments in foreign markets, the performance of U.S. securities markets, and the performance of instruments trading in U.S. markets that represent foreign securities and baskets of foreign securities. The Fund may also fair value securities in other situations, for example, when a particular foreign market is closed but the Fund is open. The Fund uses outside pricing services to provide it with closing market prices and information used for adjusting those prices. The fair value for a foreign security reported on by such service with a confidence level approved by the Board, shall be the value provided by such service. However, the Fund cannot predict how often it will use closing prices and how often it will adjust those prices. As a means of evaluating its fair value process, the Fund routinely compare closing market prices, the next day's opening prices in the same markets, and adjusted prices.

Please note that the Fund holds securities that are primarily listed on foreign exchanges that may trade during hours, on weekends, or on other days when the Fund does not price its shares. Therefore, the value of the securities held by the Fund may change on days when shareholders will not be able to purchase or sell the Fund's shares.

FUND STATEMENTS AND REPORTS

E-Delivery

To keep the Fund's costs as low as possible, and to conserve paper, paperless e-delivery of statements, trade confirmations, prospectuses, shareholder reports, and other materials for each of your Fund accounts is available. To sign up for e-delivery, you must first establish online account access. Visit www.domini.com/accountaccess to register for online account access and select E-delivery for each document that you would like to receive e-delivery notifications. You will receive a notice by email when each new document is available. Then you may log on at your convenience to view, print, or save your document. There is no charge to establish e-delivery and you may view, cancel, or change your e-delivery profile at any time.

By electing e-delivery of Fund documents, you are authorizing Domini to discontinue hard copy mailings of that type of document.

An annual paper document delivery fee of \$15 is deducted from each direct Fund account that has a balance below \$10,000. See "Paper Document Delivery Fee"

for more information. This Paper Document Delivery Fee will not be charged so long as your electronic delivery election remains in effect. At its discretion, Domini reserves the right to waive or modify such fee at any time.

Householding

To keep the Fund's costs as low as possible, and to conserve paper, where practical we attempt to eliminate duplicate mailings to the same address. When we find that two or more Fund shareholders have the same last name and address, rather than send a separate report to each shareholder, we will send just one report to that address. If your household is receiving separate mailings that you feel are unnecessary, or if you want us to send separate statements, notify our Shareholder Services department at 1-800-582-6757.

Trade Confirmations

Confirmation statements setting forth the trade date and the amount of your transaction are sent each time you buy, sell, or exchange shares (except for Automatic Investment Plan purchases, dividend reinvestments, and Systematic Withdrawal Plan redemptions). Confirmation statements are not sent for reinvested dividends or for purchases made through automatic investment plans. Always verify your transactions by reviewing your confirmation statement carefully for accuracy. Please report any discrepancies promptly to our Shareholder Services department at 1-800-582-6757. You may choose to view trade confirmations online rather than receiving a hard copy by signing up for e-delivery. Visit www.domini.com/accountaccess to register for online account access and select E-delivery for each document that you would like to receive e-delivery notifications.

Account Statements

Account statements set forth all account activity including the trade date and the amount of each account transaction during the covered period. Account statements are mailed quarterly or monthly (Institutional shares only). Always verify your transactions by reviewing your account statement carefully for accuracy. Please report any discrepancies promptly to our Shareholder Services department at 1-800-582-6757. You may choose to view account statements online rather than receiving a hard copy by signing up for e-delivery. Visit www.domini.com/accountaccess to register for online account access and select E-delivery for each document that you would like to receive e-delivery notifications.

Fund Financial Reports

The Fund's Annual Report is mailed in September, and the Fund's Semi-Annual Report is mailed in March. These reports include information about the Fund's performance, as well as a complete listing of that Fund's holdings. You may choose to view these reports online rather than receiving a hard copy by signing up for e-delivery. Visit www.domini.com/accountaccess to register for online account access and select E-delivery for each document that you would like to receive e-delivery notifications.

Tax Statements

Each year we will send you a statement for the previous year that reflects all dividend and capital gains distributions, proceeds from the sale of shares in nonretirement accounts, and distributions from IRAs or other retirement accounts as required by the IRS. Tax statements are generally mailed in January or February as permitted by law. Statements regarding annual IRA contributions are generally mailed in May.

DIVIDENDS AND CAPITAL GAINS

The Fund pays to its shareholders substantially all of its net income in the form of dividends. Dividends from net income (excluding capital gains), if any, are typically paid by the Fund semi-annually (usually in June and December). Any capital gain dividends are distributed annually in December.

You may elect to receive dividends either by check or in additional shares of the Fund. Unless you choose to receive your dividends by check, all dividends will be reinvested in additional shares of the Fund. In either case, dividends are normally taxable to you in the manner described below.

Any check in payment of dividends or other distributions that cannot be delivered by the post office or that remains uncashed for a period of more than one year may be reinvested in your account.

TAXES

This discussion of taxes is for general information only. You should consult your own tax adviser about your particular situation and the status of your account under state and local laws.

Taxability of Dividends

Each year the Fund will mail you a report of your distributions for the prior year and how they are treated for federal tax purposes. If you are otherwise subject to federal income taxes, you will normally have to pay federal income taxes on the dividends you receive from the Fund, whether you take the dividends in cash or reinvest them in additional shares. Noncorporate shareholders will be taxed at reduced rates on distributions reported by the Fund as “qualified dividend income,” provided the recipient shareholder satisfies certain holding period requirements and refrains from making certain elections. Dividends reported by the Fund as capital gain dividends are taxable as long-term capital gains, which for noncorporate shareholders are also subject to tax at reduced rates. Other dividends are generally taxable as ordinary income. Some dividends paid in January may be taxable to you as if they had been paid the previous December.

Buying a Dividend

Dividends paid by the Fund will reduce that Fund’s net asset value per share. As a result, if you buy shares just before the Fund pays a dividend, you may

pay the full price for the shares and then effectively receive a portion of the purchase price back as a dividend on which you may need to pay tax.

Taxability of Transactions

Any time you sell or exchange shares held in a nonretirement account, it is generally considered a taxable event for you. Depending on the purchase price and the sale price of the shares you sell or exchange, you may have a gain or a loss on the transaction. An exchange between classes of shares of the same Fund is normally not taxable. Distributions out of a retirement account may have tax consequences. You are responsible for any tax liabilities generated by your transactions.

IMPORTANT: By law, you must certify that the Social Security or taxpayer identification number you provide to the Fund is correct and that you are not otherwise subject to backup withholding for failing to report income to the IRS. The Fund may be required to apply backup withholding to certain distributions and proceeds payable to you if you fail to provide this information or otherwise violate IRS requirements. The backup withholding rate is currently 24%.

RIGHTS RESERVED BY THE FUND

The Fund and its agents reserve the following rights:

- To waive or change investment minimums
- To waive or change the Paper Document Delivery Fee
- To refuse any purchase or exchange order
- To stop selling shares at any time
- To change, revoke, or suspend the exchange privilege
- To suspend telephone transactions
- To reject any purchase or exchange order (including, but not limited to, orders that involve, in the Adviser's opinion, excessive trading, market timing, fraud, or 5% ownership) upon notice to the shareholder
- To change or implement additional policies designed to prevent excessive trading
- To adopt policies requiring redemption of shares in certain circumstances
- To freeze any account and suspend account services when notice has been received of a dispute between the registered or beneficial account owners or there is a reason to believe a fraudulent transaction may occur
- To otherwise modify the conditions of purchase and any services at any time
- To act on instructions believed to be genuine and waive submission of a medallion signature guarantee in certain circumstances.
- To redeem shareholder accounts: with incomplete account qualifications, documentation, or payment; with a small account balance; or transfer your shares to the appropriate state after a period of inactivity, as determined by state law, or upon notice of undeliverable address. For additional information and conditions please see the Statement of Additional Information under "Account Closings."

These actions will be taken when, in the sole discretion of management, they are deemed to be in the best interest of the Fund.

Responsibility for Fraud

Domini and the Fund will not be responsible for any account losses because of fraud if we reasonably believe that the person transacting business on an account is authorized to do so. Please take precautions to protect yourself from fraud. Keep your account information private, and immediately review any account statements or other information that we provide to you. It is important that you contact the Domini Funds immediately about any transactions or changes to your account that you believe to be unauthorized.
