## 11. COST BASIS ELECTION (This Election Applies Only to S Corporations)

The Domini Funds will be responsible for tracking and reporting cost basis information to the IRS on the sale or exchange of mutual fund shares and S Corporation, Partnership or Trust acquired (see form 1099-B) on or after January 1, 2012 (covered shares). As a result, the Domini Funds have chosen the **Average Cost Method** as the default tax identification method for such shareholders.

**Note: IRS Regulations do not permit the change of the method on a settled trade.**

I choose for the trust shown on page one above the Fund's default method of **Average Cost**. This method calculates your gain or loss on shares sold based on the average purchase price of all the covered shares owned.

I choose for such trust a method other than Average Cost:

**FIFO (First in First out):** The shares acquired first are sold first

**Specific Lot Identification:** The account holder specifies the share lots in the account to be redeemed or exchanged, each time shares are sold.

If no option is selected above, your account will use the Fund's default of Average Cost.

Please consult your tax professional for tax advice and to determine which of the methods above is appropriate for your specific tax situation. Information can also be obtained by visiting the IRS website at [www.irs.gov](http://www.irs.gov). The Domini Funds, their affiliates and agents cannot provide tax advice.

## Business Continuity Plan Disclosure Statement

Domini Impact Investments LLC and its affiliated distributor, DSIL Investment Services LLC, maintain a Business Continuity Plan (BCP) that has been developed with the goal of protecting the health and safety of our employees and maintaining continuity of service for our Domini Funds' shareholders. Our plan is designed to ensure that we are prepared to operate through significant business disruptions, so that our shareholders can access their accounts without significant interruption under most circumstances.

Key elements of our BCP include the following:

- Critical data from our computer systems is backed up daily to geographically remote, secure facilities.
- All Domini employees can access Domini's computer data remotely via a secure connection. In the event that Domini's primary network is not accessible, Domini maintains replicas of all file and database servers in a geographically remote disaster-recovery network available to all employees over a secure connection.
- We maintain an office evacuation plan and emergency procedures in the event of a disaster affecting our primary office facilities or surrounding area.
- We maintain an emergency contact list and procedures updated and distributed on a regular basis.

Our mission critical functions, including shareholder transaction processing, custody and fund accounting, and investment submanagement, are accomplished through our key service providers. These key service providers are required to maintain business continuity plans, which Domini reviews at least annually.

Domini's BCP is designed to address significant business disruptions of varying scope, including a firm-only disruption, single-building disruption, city-wide business disruption, or a regional disruption. In the event of a significant business disruption, our employees are to communicate from alternate locations and access Domini's computer data remotely. Key service providers would be contacted, and would, if possible, continue to provide critical shareholder transaction processing, custody, fund accounting, and investment submanagement services. Our key service providers maintain offices outside New York City, thereby lessening the effect of a city-wide business disruption. Our key service providers maintain alternate business locations with the goal of enabling them to resume critical functions in a reasonable period of time in the event of a regional disruption of significant scope.

If you need to contact us after a significant business disruption, please call our Shareholder Information line at 1-800-582-6757, our main office telephone number at 212-217-1100, or go to our website at [www.domini.com](http://www.domini.com) and click on the "Contact" link. If you cannot contact us by calling our Shareholder Information line, our main office phone number, or our website, please contact Domini Funds' Transfer Agent, BNY Mellon Asset Servicing, at 610-382-7826 or through its website at <http://www.bnymellon.com/assetservicing/index.html>.

It is impossible for us to anticipate every potential problem that may occur, but we believe our BCP will enable us to continue to conduct business in the event of a variety of possible business disruptions. We believe that our BCP is reasonably designed to help us limit the recovery time necessary to resume operations.

We review and test our BCP at least annually. The BCP is subject to modification based on changing circumstances and assessment of need.
