**Annual Turnover** is the lesser of purchases or sales for the trailing 12 months divided by the portfolio's average trailing 13-month net asset values. **Price/Book Ratio** is the weighted harmonic average of the price/book ratios of the stocks in the portfolio, which are the stocks' most recent closing prices divided by their book value per share. **Price/Earnings Ratio** is the weighted harmonic average of the price/earnings ratios of the stocks in the portfolio, which are the stocks' most recent closing prices divided by their earnings per share over the trailing 12 months. **Return on Equity** is the portfolio's total net income less cash preferred dividends divided by the portfolio's total common equity. **Tracking Error** is the standard deviation of residual returns, which are the differences between fund's projected returns and the index's projected returns. Tracking error measures the degree of dispersion of fund returns around the index. Generally, the higher the tracking risk, the greater the active bets the manager has taken. **Beta** is a measure of the volatility of a fund relative to its benchmark index. A beta greater (less) than 1 is more (less) volatile than the index.

1. Returns for periods of less than one year are not annualized.

**Past performance is no guarantee of future results.** The Fund's returns quoted above represent past performance after all expenses. The returns reflect any applicable expense waivers in effect during the periods shown. Without such waivers, returns would be lower. Investment return, principal value, and yield will fluctuate. Your shares, when redeemed, may be worth more or less than their original cost. An investment in the Fund is not a bank deposit. The Fund is not insured and is subject to market, recent events, sustainable investing, portfolio management, information, mid- to large-cap companies, and small-cap companies risks. Investing internationally involves special risks, such as currency fluctuations, social and economic instability, differing securities regulations and accounting standards, limited public information, possible changes in taxation, and periods of illiquidity. You may lose money. Contact us for performance information current to the most recent month-end, which may be lower or higher than the performance data quoted.

**Before investing, consider the Fund's investment objectives, risks, charges and expenses. Contact us for a prospectus containing this and other information. Read it carefully.**

The Fund charges a 2.00% redemption fee on sales or exchanges of shares made less than 30 days after the settlement of purchase or acquisition through exchange, with certain exceptions. Certain fees and expenses also apply to a continued investment in the Fund and are described in the prospectus. See the Fund's prospectus for further information.

Total return for the Fund is based on the Fund's net asset values and assumes all dividends and capital gains were reinvested. The total returns do not reflect the deduction of fees and taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

The **FTSE Global All Cap Index** is a market-capitalization weighted index representing the performance of the large, mid and small cap stocks globally. Investors cannot invest directly in the FTSE Global All Cap Index.
