**Investment Process**

Domini's Impact Investment Standards focus on two fundamental goals: **universal human dignity** & **ecological sustainability**.

Certain lines of business are excluded across all strategies, including weapons & firearms, nuclear, oil, natural gas, coal & uranium mining, for-profit prisons, tobacco, alcohol, and gambling.

The Domini International Opportunities Fund's investment process combines two unique strategies.

Domini Impact Investments

Domini makes all security selections and investment decisions, managing the two strategies as follows:

| International Core 80-95% of Fund Portfolio | Thematic Solutions 5-20% of Fund Portfolio |
|---|--|
| Provides core international equity exposure through mid- to large-cap companies with strong peer-relative environmental and social performance . | Provides opportunistic exposure to solution-oriented companies across the market-cap spectrum. |
| ESG research guided by Impact Investment Standards. | ESG research & financial analysis focused on innovation & long-term growth potential. |
| Companies evaluated on business alignment & stakeholder relations using proprietary framework & industry-specific key performance indicators. | Supports the following themes: low-carbon transition, sustainable communities, clean water, sustainable food systems, societal health & well-being, financial inclusion, & economic opportunity. |

SSGA Funds Management

SSGA is responsible for **trading** and **cash management**.

Annual Turnover is the lesser of purchases or sales for the trailing 12 months divided by the portfolio's average trailing 13-month net asset values. **Price/Book Ratio** is the weighted harmonic average of the price/book ratios of the stocks in the portfolio, which are the stocks' most recent closing prices divided by their book value per share. **Price/Earnings Ratio** is the weighted harmonic average of the price/earnings ratios of the stocks in the portfolio, which are the stocks' most recent closing prices divided by their earnings per share over the trailing 12 months. **Return on Equity** is the portfolio's total net income less cash preferred dividends divided by the portfolio's total common equity. **Tracking Error** is the standard deviation of residual returns, which are the differences between fund's projected returns and the index's projected returns. Tracking error measures the degree of dispersion of fund returns around the index. Generally, the higher the tracking risk, the greater the active bets the manager has taken. **Beta** is a measure of the volatility of a fund relative to its benchmark index. A beta greater (less) than 1 is more (less) volatile than the index.

1. Institutional shares are available to qualified endowments, foundations, religious organizations and other nonprofit entities, individuals, retirement plan sponsors, family office clients, private trusts, certain corporate or similar institutions, or omnibus accounts maintained by financial intermediaries that meet the minimum investment requirements. If you do not meet the minimum investment requirements, please refer to the Investor shares.

2. The Fund's Adviser has contractually agreed to waive certain fees and/or reimburse certain ordinary operating expenses in order to limit Investor and Institutional share expenses to 1.40% and 1.15%, respectively. These expense limitations are in effect through November 30, 2022. There can be no assurance that the Adviser will extend the expense limitations beyond such time. While in effect, the arrangement may be terminated for a class only by agreement of the Adviser and the Fund's Board of Trustees.

Past performance is no guarantee of future results. The Fund's returns quoted above represent past performance after all expenses. The returns reflect any applicable expense waivers in effect during the periods shown. Without such waivers, returns would be lower. Investment return, principal value, and yield will fluctuate. Your shares, when redeemed, may be worth more or less than their original cost. Certain fees and expenses also apply to a continued investment in the Fund and are described in the prospectus. See the Fund's prospectus for further information. Total return for the Fund is based on the Fund's net asset values and assumes all dividends and capital gains were reinvested. The total returns do not reflect the deduction of fees and taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. An investment in the Fund is not a bank deposit, is not insured, and is subject to certain risks, including possible loss of principal. The market value of Fund investments will fluctuate, and you may lose money. The Fund is subject to certain risks including foreign investing, geographic focus, country, currency, impact investing, recent events, and market risks. Investing internationally involves special risks, such as currency fluctuations, social and economic instability, differing security regulations and accounting standards, limited public information, possible changes in taxation, and periods of illiquidity. These risks may be heightened in connection with investments in emerging market countries. The Adviser's evaluation of environmental and social factors in its investment selections will affect the Fund's exposure to certain issuers, industries, sectors, regions, and countries and may impact the relative financial performance of the Fund depending on whether such investments are in or out of favor. The value of your investment may decrease if the Adviser's or Subadviser's judgement about Fund investments does not produce the desired results. There is a risk that information used by the Adviser to evaluate environmental and social factors, may not be readily available or complete, which could negatively impact the Adviser's ability to evaluate such factors and Fund performance.

Before investing, consider the Fund's investment objectives, risks, charges and expenses. Contact us for a prospectus containing this and other information. Read it carefully.
